STUDENT OUTCOMES

In any enterprise involving students of varied preparedness, motivation and discipline, there will be differences in outcomes. Education is realistic and idealistic. It reaches beyond the average, the assured, and the guaranteed. University objectives, indeed the entire Catalog, may be seen as sincere intention to provide an educational program of high quality. Accountability to students is fulfilled by providing qualified teachers, a community with Christian values, and the historical continuity of a Quaker university. The opportunity for personal growth and development is here, yet student initiative and responsibility are vital. The Catalog is not an unconditional contract.

OUR HERITAGE

More than a century ago, early Oregon Quaker pioneers helped settle the rich and fruitful Chehalem Valley of Oregon. One of their first priorities, along with the founding of their church, was the education of their children. In 1885 the Christian instruction of their offspring was assured with the establishment of Friends Pacific Academy. At the same time, founding pioneers were looking ahead with a dream of a college to provide further and more advanced education. That time came September 9, 1891, with the opening of the doors of Pacific College. Fifteen students were counted on opening day.

In the century since its founding, thereThat

BUSINESS

MASTER OF BUSINESS ADMINISTRATION

(M.B.A. Degree)

Program Description

A two-year program offered one night a week plus some Saturdays, the George Fox University Master of Business Administration degree is intended for students who want to improve their management and leadership ability through intellectual, moral and creative growth. The program is situated squarely within the University's mission, for the University believes that its Christian values, concern for integration, and commitment to quality speak to managers who desire training that is both theoretically sound and humanly meaningful. Managers have become increasingly aware of the importance of values, ethics, service, and other spiritually significant elements that are part and parcel of George Fox University programs.

The management M.B.A. is intended to prepare practitioners in a variety of fields in both the profit and not-for-profit sectors. Some of the areas it is designed to cover include the following:

- Integration of knowledge and decision making within the larger framework of the organization and social and cultural contexts
- Creativity, innovation and change
- Leadership and interpersonal skills
- Capacity to communicate in the functional areas of business
- Practice of the human virtues, such as integrity, humility, compassion and perseverance, in organizational settings
- Capacity for conceptualization, strategic thinking and problem solving
- The propensity to act on one's values and ethics as foundational to good management
- Management in a chaotic world of demographic, cultural, global and technological change

The program is structured on a cohort model in which a group of students follows an integrated sequence of courses from beginning to end. Courses are taught evenings and weekends, typically one night a week with an occasional Saturday seminar.

Admissions

Admission to the M.B.A. program generally requires a baccalaureate degree from a regionally accredited college or university; a grade point average (GPA) of 3.0 or better in the last two years (60 semester hours) of study; two years of relevant job experience; three letters of recommendation; a writing sample; and an interview with faculty members. Students whose grade point averages from the last two years of course work do not reflect their aptitude for graduate work may want to submit standardized test scores for consideration in the admission process. The department may consider applicants who show significant promise but do not meet all of these criteria. The application procedure is detailed in the M.B.A. Application Packet, which may be requested from the Office of Graduate Admissions.

The application deadline is July 15 for fall semester from theenings and w0.9 0 TD80bttheseM.B.Ao (ack

psychological research, and who are committed to the highest standards of professional ethics. The central distinctive of the program is the integration of Christian principles and the science of psychology at philosophical, practical and personal levels. The program offers specialized training in dealing with the psychological aspects of religious or spiritual issues.

Graduates are prepared for licensure as clinical psychologists. Alumni of the GSCP are licensed psychologists in 25 states throughout the U.S. They engage in practice in a variety of settings, including independent and group practice, hospital, community and public health agencies, church and parachurch organizations, and mission agencies. Graduates also teach in a variety of settings, including colleges and seminaries.

A Master of Arts degree is conferred following successful completion of the first two years of the program and other requirements (see following). The M.A. degree is not designed or intended as a terminal degree; consequently, only students intending to complete doctoral study are admitted into the GSCP.

Mission

The mission of the Graduate School of Clinical Psychology is to prepare clinical psychologists who demonstrate:

- excellence and professionalism in the clinical skills of assessment, diagnosis, psychotherapy, consultation, and supervision;
- broad knowledge of psychological literature, competence in utilizing the literature in direct service and program development, and the ability to communicate psychological findings to the public;
- commitment to the highest ethical standards and practices, as well as holistic models of human personhood and health;
- sensitivity and competence in dealing with persons who hold a variety of worldviews from diverse sociocultural and religious backgrounds;
- basic knowledge of the Bible and Christian theology, specific knowledge of the scholarly literature in psychology and Christian faith and psychology of religion, and specialized knowledge, attitudes and skills in the provision of psychological services to the Christian community and others with religious or spiritual issues.

Consistent with the mission of George Fox University, training is carried out within the framework of a Christian worldview and reflects the distinctive Quaker traditions of social service and advocacy for the rights and well-being of all persons, especially those whose opportunities are compromised by prejudice and injustice. This integration of faith and service is a central distinctive of the program.

Clinical Training

Clinical training is an important and integral part of the Psy.D. curriculum. Although it is a distinct part of the curriculum, it is also integrated with the academic course work throughout the program. The clinical training process begins in the first year and continues throughout the program, ultimately preparing the student for postdoctoral residency training and licensure as a psychologist.

The initial step involves prepracticum training, a laboratory course designed to introduce basic legal, ethical and professional issues and to prepare the student for direct client contact. The course consists of readings, lectures, team meetings and systematic training in human relations skills, ~~including~~

Students with graduate credit and those who hold an advanced psychology or theology degree may petition to have as much as 30 hours of credit transferred.

During the past two years, the median grade point average of admitted students was 3.50 and 3.79, respectively, and median GRE scores (combined Verbal and Quantitative Aptitude scores) were 1110 and 1060 respectively. Applicants will generally have a grade point average of 3.3 or better and GRE scores greater than 1050; however, applicants who show significant promise may occasionally be admitted although they do not meet these criteria.

Students admitted to the GSCP describe themselves as Christian and agree to abide by the community lifestyle expectations listed in the admission application during enrollment in the program.

EDUCATION

DOCTOR OF EDUCATION

(Ed.D. Degree)

Program Description

The Doctor of Education (Ed.D.) program prepares educators to be leaders in their chosen specialties. The program focuses on qualities of cultural, moral and organizational leadership as the basis for leading complex education organizations.

This program assumes that leadership is: (1) a conceptual art, building on the power of theory and ideas; (2) a moral art, depending upon core values; and (3) a performing art, perfecting the integration of theory and values in practice and experience. Students have the opportunity to meet the requirements for three administrative licenses for service in Oregon's public K-12 schools: the Initial Administrator, Continuing Administrator/Initial Superintendent, and the Continuing Superintendent. Oregon has reciprocal licensure arrangements with 25 other states, thus allowing those who seek employment elsewhere to meet the administrative licensure requirements for those states.

This professionally oriented program is designed to maximize accessibility for full-time educators. Students will have an opportunity to complete the degree in four years (more or less) through sessions on the George Fox University campus, Web-based courses, and independent study. O

EDD 556 Political and Social Perspectives on Education

3 hours. Educators operate in a complex web of political relationships — within schools and universities, between educational institutions and their communities, and across levels of government. This course is designed to enable educators to become more effective and responsible actors within this web of political and social relationships in order to improve, restructure and transform educational institutions. The following questions are examined: What is power? How is political consciousness formed in children and adults? How do social problems become political issues? How is the political decision-making agenda set? How are policy issues decided? How do policy decisions affect and are affected by the organizational structure of institutions? How are they affected?

EDD 600 Foundations of Inquiry

2 hours. This course is designed to initiate beginning Ed.D. students into the community of educational researchers. Because this course is introductory and basic, it is not intended to give students detailed instructions for conducting particular studies. Rather, it is concerned with one primary question: What is educational inquiry? In searching for the answer, students will examine fundamental assumptions about knowing, knowledge and knowers. This, in turn, requires one to think deeply about the purpose, limits and promise of inquiry, and the responsibility inquirers have.

ADMINISTRATIVE LICENSURE PROGRAMS

George Fox University offers students the opportunity to earn as many as three licenses that prepare educators to serve in Oregon public schools as K-12 administrators. The Initial Administrator License can be earned as part of the master's degree, as a stand-alone license past the master's degree, or as part of the doctoral degree. The Continuing Administrator License and the Continuing Superintendent License can be earned as stand-alone licenses past the master's degree or as part of the doctoral program.

Program Goals

Schools in the 21st century require new ways of thinking. As a leader of tomorrow, you will need to create a vision of the kind of culture and instructional program you want in your school, and to build support from all stakeholders to progress toward that vision.

George Fox University's administrative licensure program supports this style of leadership, focusing the curriculum on the Oregon Educational Act for the 21st Century. The program is designed to prepare you to be a change agent — one who understands current school practices and then works within the larger political, social, economic, legal and cultural context to create new ways of helping all students become productive citizens.

At the completion of your administrative course work and practicum experiences, you will:

- understand the developmental needs of students at all levels;
- know how to conduct and use research as a tool for improving a learning organization;
- understand the goals of the Oregon Content Standards and how to use them as a guide in assessing your own school's goals and progress; and
- be prepared to lead teachers in helping students meet the standards.

INITIAL ADMINISTRATOR LICENSE

The Initial Administrative Licensure program is made up of four foundation courses, followed by a sequence of practica and projects in which you translate course content into actual practice in school settings. The program also includes a portfolio in which you document your work.

In the practica and projects, you will explore local and district educational practices and reflect on the curricular, legal and ethical implications of what you discover. At the conclusion of each project, you and your fellow students will synthesize and share your findings. This work is done mainly online and under the supervision of your mentors.

Program Summary	18 semester hours total
Foundation courses	9 semester hrs.
Practicum I divided equally	4 semester hrs. between Projects 1 and 2
Practicum II divided equally 1 and 2	4 semester hrs. between Projects 1 and 2
Portfolio	1 semester hr.

You can complete your on-campus work in one summer. The entire program can be completed within a year, although some students choose to take more time; the flexibility to do this is built into the program.

Curriculum

FOUNDATION COURSES

Initial Administrative Licensure students complete the following foundation courses:

EDM 540 Educational Leadership

EDM 544 Ethical Foundations of Education

EDD 546 Foundations of Teaching and Learning

EDD 548 Legal Perspectives on Educational Policy

All courses except EDD 548 Legal Perspectives on Educational Policy must be taken prior to the practica.

PRACTICA

Practica I and II involve working concurrently in two different school sites: the main site will occupy two-thirds of your practicum time, and an alternative site will occupy the remaining one-third. The alternative site will be a school level different from your own — for example, if you are a high school teacher, this site will be an elementary school. During the several projects contained in each practicum, you will do such things as attend meetings, sit in on discussions, and observe school management activities. Your object is to learn the major issues at the school and evaluate how they are being handled, with the help and supervision of an administrative mentor at each site.

In addition, Initial Administrative Licensure students are required by the state to participate in nine weeks of full-time practicum experience. This will be structured flexibly for each individual student through dialogue with George Fox faculty and district/school officials.

PORTFOLIO

Portfolio Summer Semester

1 hour. Throughout the program, you will contribute to a portfolio in which you document your work as evidence that you have attained the competencies required by the Oregon standards. Your mentors will work closely with you in designing and completing this document.

CONTINUING ADMINISTRATOR LICENSE

This 24-semester-hour licensure program is designed to match experienced practitioner mentors with students to allow them a comprehensive approach to school administration beyond the local site.

SUMMER

(two-week residency)

The summer residency will consist of two adjacent four-day weeks in which participants will interact with faculty and practitioners on concepts relevant to administering schools in a standards-based environment. To bring closure to the sessions, follow-up discussion, reading and reflections will continue online through the summer.

Week 1 EDA 561

Advanced Administration I

3 hours. This course addresses the topics, strategic procedures, and issues of ethics, social and political perspectives, legal issues and school improvement from a district-wide perspective.

Week 2 EDA 562

Advanced Administration II

3 hours. This course addresses the topics, strategic procedures, and issues of personnel management, fiscal management, and external partnerships from a district-wide perspective.

ACADEMIC YEAR

The academic year will incorporate the summer concepts into practicum experiences. Students will participate in the theory-to-practicum components through communication with each other, faculty and mentors via the Internet. In addition, each student will be required to participate in four Saturday Seminars during the academic year.

FALL SEMESTER

EDA 577 Theory into Practice I

3 hours. This course integrates ethics, leadership, research-based educational practices, and school improvement with an Action Research Project at the district level.

EDM 667 Strategic Planning for Education

2 hours. Planning is one of the methods persons and organizations use to increase the likelihood of positive outcomes from change. Most often, leaders react to changes in the organization's environment. Effective planning allows for proactive responses, even anticipating outside influences. The methods and issues of planning are therefore both political and technical. The course provides training in methods of goal clarification, performance auditing, design of strategies, scenario writing, and stake-

In conjunction with their faculty advisors, students will design a customized program consisting of the appropriate combination of course work, research, and/or portfolio hours to develop and demonstrate competency in the above-listed competencies:

1-6 semester hours of doctoral-level course work

1-4 semester hours of doctoral-level research

1-2 semester hours of superintendent portfolio work

These hours can be embedded within a doctoral program or be taken as a licensure-only program. In either case, students must complete a master's degree, earn the Initial Administrator and Continuing Administrator licenses, complete the six-hour customized program, and complete three years of one-half time or more experience as a superintendent in Oregon public schools or in Oregon private schools accredited by the Northwest Association of Schools and Colleges. Once these conditions are met, students may apply for the Continuing Superintendent's License with the Teachers Standards and Practices Commission of the state of Oregon.

LEADERSHIP

MASTER OF ARTS IN ORGANIZATIONAL LEADERSHIP

(M.A. Degree)

Program Description

The Master of Arts in Organizational Leadership (MAOL), offered at George Fox University's Boise Center in Idaho, is intended to develop leaders for a broad range of organizations, including business, health care, education, the church and the public sector. The program is designed primarily for working professionals who, by education and experience, are knowledgeable in their field and are now in the process of transitioning to positions with greater managerial and leadership responsibility.

The curriculum for the program is designed based on an adult learner format used by other Department of Continuing Education degree programs. The program is structured on a cohort model in which a group of students follows an integrated sequence of courses from beginning to end. The 36-semester-hour program consists of 15 courses, including a service learning project and an action research project. The program will require a total of 78 Monday evening class sessions and 15 Saturday sessions over a period of 22 months.

Admissions

Admission to the MAOL program requires a baccalaureate degree from a regionally accredited college or university; a grade point average (GPA) of 3.0 or better in the final two years of study; five years of relevant career experience; three letters of recommendation; a writing sample; and an interview with faculty members. Students are not required to submit scores from any standardized tests.

Degree Requirements

Students will be admitted without regard to their undergraduate major, but those with little or no background in the areas of management and business will be expected to address their weaknesses. Students are expected to maintain continuous enrollment in the program, remaining with their cohort throughout, so personal and work commitments should be planned accordingly.

SEMINARY

HERITAGE

Western Evangelical Seminary opened its doors for the first time to 24 students in September 1947. The seminary was called by its founding name, the Western School of Evangelical Religion, until 1951. Drawn to the school by the encouragement of their denominations, these charter-year students represented the Evangelical, the Friends, and the Free Methodist churches.

The establishment of the seminary gave substance to the dream of the first president, Dr. Paul Petticord, and other Wesleyan/Holiness leaders who recognized the need for a seminary in the Pacific Northwest. Their ideal was set forth in early catalogs:

...to train men and women in the definite doctrines of faith set forth in the constitution and by-laws and to give them such definite guidance and training that they may go out into the world with a positive message of salvation possible only in Jesus Christ. Not only is this training to be scholastic, but deeply spiritual. Not only theoretical, but practical in the usage of necessary methods essential for this day and age. This training is to be given by professors who are of high scholarship and of practical abilities and experienced in winning the lost to a definite relationship in Christ.

The establishment of the seminary depended upon the cooperation among the first sponsoring denominations, the Evangelical Church and the Oregon Yearly Meeting of Friends. Others soon lent their support as well, including the Free Methodist Church and the Wesleyan Church.

Today more than 30 denominations are represented in the student body.

Faculty members from a variety of evangelical backgrounds share a common commitment to sound scholarship, warm-hearted personal faith, and effective pastoral practice that continues to characterize the seminary.

The curriculum in the ministry department now includes the M.A. in Christian Education and the M.A.,

Theological Studies, as well as the M.Div. In 1989, the seminary added a counseling department and now offers M.A. degrees in Counseling and Marriage and Family Therapy. Graduates of the program complete the academic requirements for licensure in the state of Oregon as a Licensed Professional Counselor (LPC).

The Association of Theological Schools granted the seminary full accreditation in 1974, and in 1976, accreditation was gained from the regional authority, the Northwest Association of Schools and Colleges. This dual accreditation was a first among seminaries in the Northwest.

In 1993 the seminary moved from its original site at Jennings Lodge east of Portland to a new, easily accessible, 50,000-squar

The seminary is a charter member of the Jerusalem University College (formerly the Institute of Holy Land Studies), which is affiliated with the Hebrew University of Jerusalem. Credits earned in the graduate division offered by the Jerusalem University College may be transferred to WES.

Exposure to Critical Software Tools

Faculty are committed to orienting students to the critical software tools most relevant to their future ministries: personal productivity software, Bible research software, counseling practice management software, psychological testing software, church management software, etc.

Access to Online Licensed Databases

All students have online access to valuable databases for study and research: Religion Index, Academic Abstracts ASAP, PsycInfo, k...

INFORMATION AND TECHNOLOGY

Personal spiritual formation and the acquisition of professional ministry skills are at the heart of the seminary’s mission. As America moves into an information age, skills in information literacy and technological competence are important for professional ministry. We are doing several things to prepare ourselves for ministry in the information age:

Grounding in Information Literacy

A person who is “information literate”:

- Knows when information is needed.
- Knows how to formulate an effective search strategy.
- Knows how to access information.
- Knows how to evaluate information.
- Knows how to incorporate information in their work.

Students will find that course objectives will require them to strengthen their information literacy.

Spiritual Life Curriculum

Ultimately, a program of spiritual life must embrace all of the curriculum at the seminary. Biblical literature fosters understanding and appropriation of the primary resources for spiritual growth.

Christian history develops an appreciation of heritage and perspective. Christian thought challenges the student to integrate historical truth and contemporary life.

Pastoral studies focuses the attention of Christ's servants on the church to union of

Biblical Studies.....	24

Second, formal orientation to the purpose of the program, its objectives, and its processes will be given during Module One. Orientation to research and study tools and to the processes of developing and writing a D.Min. project will be given in four consecutive research courses:

Introduction to Research and Resources (Module One); Developing a Topic for Research (Module Two); Designing a Research Project (Module Three); and Writing the Project (Module Four).

Course Schedule

Each cohort group will meet in modules twice a year, once in January and once in June for two years. Each of the four modules is worth eight semester hours. Each module runs for 11 days from Tuesday through the following Friday. The third year is used for the completion of the doctoral project.

Instructional Format

The instructional format of the program shall be based upon several key factors. These factors are:

- Course reading. A list of reading assignments will be distributed to students prior to each module for the courses in that module. A portion of this reading must be completed before the module's class sessions begin. A two-unit course requires 1,500

When the written D.Min. project has been completed, the candidate will submit the project to two readers: the faculty mentor and another reader selected by the D.Min. committee at the time when the project proposal is approved. This reader will be chosen according to his or her expertise in the area(s) explored by the project. As part of the evaluation, the candidate must give an oral defense of the project before the readers.

MASTER OF DIVINITY

Program Objectives

The vision of the faculty in the Master of Divinity program is to foster in the student the ability to:

Understand God More Truly

1. The student will be able to interact with Christian Scripture, history and thought about God, interpret the truths critically, and express them faithfully;
2. The student will be able to experience an ever-deepening sense of the reality of Christ through the spiritual disciplines;

Understand Self and Others More Truly

3. The student will be able to relate to

hliiBakn02764mf*y)Tj/Fv mf*6r

These courses are three credits each. The purpose of the Bible I track is to provide students an introduction to Bible study method and to the content and message of the Bible. These courses are considered foundational for all further course work.

Bible II Track. The Bible II track is for all students taking the M.Div. degree in the Graduate Department of Ministry. Like the Bible I track, this track lasts a full year and is made up of two classes—BST 541 The Bible and History and BST 542 Biblical Theology. These courses are three credits each. The purpose of the Bible II track is to acquaint students with advanced issues in biblical studies. Topics include Old Testament and New Testament history and archaeology, the Old Testament and the Ancient Near East, developments in the so-called “intertestamental” period (better referred to as the Second Temple period), social dimensions of biblical texts, the use of the Old Testament in the New Testament, theological concepts central to the Christian Bible, and current issues in exegesis and hermeneutics. Though this list may suggest a “topical” approach to the Bible, the launch point for all discussions is the study of specific biblical texts. The Bible II track will be clearly Bible-based.

Bible III Track. The Bible III track rounds out the Bible sequence for M.Div. students with a concentration in biblical studies. This track is composed of four advanced-study courses in Old Testament and New Testament:

- BST 550 The Old Testament and the Ancient Near East
- BST 551 The Old Testament, Early Judaism and Christianity
- BST 560 Jesus and the Gospels
- BST 561 Paul and His Letters

Scheduling limitations require these courses be interspersed throughout the program. Students completing the M.Div. in three years should ensure these courses are taken according to the “best route” as indicated in the respective program outlines. Students taking these programs over a longer time period may consider taking the Bible III track after, or near the end, of the Bible I and Bible II tracks.

Language Requirement. The M.Div. student is introduced to the biblical languages through BST 511 Introducing Biblical Hebrew and BST 521 Introducing New Testament Greek. The student will elect to focus further study on at least one of the two languages by taking either BST 512 Interpreting the Hebrew Testament or BST 522 Interpreting the Greek Testament. The student who chooses to focus on Hebrew will take the Hebrew sequence in the first year and the introductory Greek course in the fall of the second year. Likewise, the student who chooses to focus on Greek will take the Greek sequence the first year and the introductory Hebrew course in the fall of the second year. The student may elect to complete both sequences to gain proficiency in the study of both testaments.

Pastoral Studies Component

Pastoral studies courses will include a skill mentoring emphasis. While Clinical Pastoral Education (PST 565) is not required, it is recommended that students confer with their denomination and academic advisor about using some elective hours for this course. A mentored pastoral internship (PST 575) is required of every M.Div. student.

CONCENTRATION IN URBAN MINISTRIES

(17 hours required)

A concentration in urban ministries in the M.Div. curriculum is available in cooperation with four graduate seminaries and graduate college programs in the Portland area. Partner institutions collaborate by sharing courses, faculty, and library resources to enhance student opportunity to pursue a variety of degree options with concentrations in urban ministry studies. WES students may enroll in these courses as a part of their regular registration process. Courses are held in one of several urban locations and are taught by faculty of the respective member schools. The program involves a core of 17 units in urban ministries, along with the other M.Div. requirements. A supervised internship in an urban setting and a project are required. Information on specific courses available each term is available on the CUME/NW Web site at <www.cumenw.org>. Program information is available in the Graduate Department of Ministry Office.

ACADEMIC REGULATIONS

The following information applies to graduate students attending George Fox University. If a policy is specific to a graduate program or to the seminary, it will be noted. Graduate programs of George Fox

Applicants are required to pay the nonrefundable \$40 application fee, and tuition is based on the current per-credit-hour rate.

Probation Students

A student whose cumulative grade point average falls below the level established for admission or who does not meet an academic requirement for admission may be granted probational admission. Additionally, students whose academic progress while

Course Additions

- After classes begin, a later admission to class must have the approval of the Registrar and consent of the course instructor on a form available in the Registrar's Office or Seminary Admissions Office.
- The last day to add courses or to exercise a pass/no pass option is established in the calendar in this Catalog and is published in the student course book.

Course Withdrawals

- A student wanting to drop or withdraw from a class or from the University must secure the proper form from the Registrar's Office (or Seminary Admissions Office). Without the form, an "F" is recorded for all courses involved. There is a fee of \$10 for a course withdrawal, though not for complete withdrawal from the University.
- Withdrawal from a course (with a "W") must be completed within the first nine weeks of the semester. Beyond this date, a petition to the Vice President for Academic Affairs is required, and cause (emergency conditions) must be established. See calendar in this catalog.

THE GRADING SYSTEM

Semester grades are determined by the instructor's evaluation of the student's daily participation in class, performance on periodic tests, work on research papers and class projects, and achievement on final examinations. Grade points are assigned for each hour of credit earned according to the following system:

<i>Letter Grade</i>	<i>Meaning</i>	<i>Points Per Semester Hour</i>
A	Superior	4
A-		3.7
B+		3.3
B	Good	3
B-		2.7
C+		2.3
C	Average	2
C-		1.7
D+		1.3
D	Passing but inferior	1
F	Failing	0
I	Incomplete	
W	Official withdrawal	
X	No grade reported by instructor	
P	Pass (average or above)	
NP	Not passing	
L	Long-term	

Plus (+) and minus (–) grades may be designated by a professor and will be entered on the transcript. Points will be calculated for the student's grade point average accordingly.

The grade "I" is allowed if a student incurs illness or unpreventable and unforeseeable circumstances that make it impossible to meet course requirements on time. Request for an "I" grade is initiated with and approved by the Registrar. A contract showing the work to be completed and the completion date is prepared in consultation with the instructor and filed with the Registrar. An "I" not completed by the date indicated or within one semester becomes the grade indicated by the professor on the incomplete form.

An "L" grade (long-term grade) designates satisfactory progress in a course whose objectives continue for more than one semester. The "L" will be replaced by either a "P" grade or a point-receiving grade. This is not an incomplete or "I" grade.

An "X" grade indicates the instructor did not report a grade to the Registrar's Office.

Repeating a Course

If a student repeats a particular course, the University counts the course credits only once toward graduation requirements. Only the second grade will count in the cumulative GPA, but the original grade will remain on the student's transcript.

Graduation

Grade Point Average

Graduate students must maintain a B average (3.0) to be eligible for graduation. No more than eight semester hours of "C" work ("C+", "C", or "C-") can be counted toward a degree. Students who receive a grade lower than "C-" in any course must repeat the course or replace it with another course.

ACADEMIC PROGRESS AND ELIGIBILITY

Graduate students are expected to be aware of the policies related to satisfactory academic progress within their own graduate program. Students are expected to maintain satisfactory academic progress as defined by their degree program.

The student's semester grades with a semester GPA and a new cumulative GPA are posted on the grade report given to the student within three weeks following the close of each semester. The GPA is based on George Fox University credits only.

A student not achieving satisfactory academic progress (as defined by the graduate program in each school) may be academically suspended or dismissed. Students may appeal an academic suspension or dismissal through the program director. All appeals must be made in writing and directed to the program director. Students may be asked to appear before a committee.

Satisfactory Academic Progress

A student on regular, probational or provisional status is considered to be making reasonable academic progress. The student's semester grades with a semester grade point average and a new cumulative grade point average are posted on the grade report given to the student within three weeks following the close of each semester.

The grade point average is based on George Fox University credits only.

Students enrolled in master's and doctoral programs must maintain a cumulative grade point average of 3.0. A student is on probation when her or his grade point average falls below this standard. The student is generally given one semester of probation to achieve the above standard.

Students receiving Title IV financial assistance must maintain satisfactory academic progress as outlined above. If the student's grade point average does not meet or exceed the minimum standard set by the degree program requirements, after one semester of probation, the student will not be eligible to receive further aid until the minimum standards are met. Cases of exceptional circumstances are considered on an individual basis.

In addition to satisfactory grades, Title IV recipients must be enrolled for a minimum of four credits (half time) each semester. Graduate students must show that a degree program will be completed within the following time frames in order to continue eligibility to receive Title IV funds.

	<i>M.Div.</i>	<i>M.A.</i>	<i>Psy.D.</i>	<i>M.Ed.</i>
Full time	4.5 years	3.0 years	7.5 years	1.5 years
Half time	9.0 years	6.0 years	15.0 years	3 years

Suspension/Dismissal

A student not achieving satisfactory academic progress may be academically suspended or dismissed. Students may appeal an academic suspension or dismissal in writing to the program director. Students may be asked to appear before a committee. When a student's appeal is approved by the program director, he or she is reinstated to the University on a probationary status.

Academic Appeals

Academic actions may be appealed to appropriate University authorities and an Academic Appeals Board. Appeals are taken to be good-faith actions that request reexamination of academic decisions. All appeals must be made within limited time frames depending upon the action being appealed. Additional information is available in the Academic Affairs Office.

Continuous Enrollment and Leave of Absence

Upon being admitted to a graduate degree program, the student is expected to enroll for a minimum number of hours per semester and per year, stated in the individual program guides, and to be in continuous enrollment each semester until graduation. If the student finds this impossible for a particular semester within the regular school year, a leave of absence form must be submitted to the Registrar's Office, and a leave of absence requested for that specific semester. Students in their final year must maintain continuous enrollment until the hours needed for graduation have been completed.

Generally, students who have not maintained continuous enrollment and/or received a leave of absence must apply for readmission to the University.

Discontinuance of Enrollment

Enrollment at George Fox University is based upon an expectation that the student will perform responsibly in every area of life. A student may be denied re-enrollment, or enrollment.

- Doctor of Psychology: 92 semester hours
- Doctor of Education: 67 semester hours consecutive enrollment
- Doctor of Ministry: Cohort program. All credits must be completed at George Fox University.

13. Final copies must be submitted in letter-quality type by April 1. Following the defense, the student will complete additions or changes requested by the faculty research advisor and second reader.

Two copies of the final version must be turned in on paper with at least a 75 percent rag content. These copies are due the last day of classes spring semester. Note: This is following the defense; these are formal, archival copies.

GRADUATE ADMISSIONS

GRADUATE ADMISSIONS

George Fox University offers 12 graduate programs: three doctoral programs in clinical psychology (Psy.D.), education (Ed.D.), and ministry (D.Min.); master's-level programs in business administration (M.B.A.), education (M.Ed.) — including an Administrative Licensure program, organizational leadership (M.A.O.L.), teaching (M.A.T.), and psychology (M.A. — part of the Psy.D. program); and five master's-level seminary programs leading to the Master of Divinity (M.Div.), Master of Arts (M.A.) in Christian Education, Counseling, Marriage and Family Therapy, or the Master of Arts, Theological Studies (M.A.T.S.).

To be considered for admission, applicants are normally required to have a bachelor's degree from a regionally accredited college or university with a minimum 3.0 grade point average in their last two years of academic work. An applicant whose cumulative grade point average is below this may be considered for admission on academic probation.

Individual graduate and seminary programs have unique admission deadlines, requirements and procedures established by the University. Application information for graduate study is available upon request. Write to the Graduate Admissions Office, George Fox University, 414 N. Meridian St. #6039, Newberg, OR 97132-2697 or request an application by calling (800) 631-0921; or the Seminary Admissions Office, 12753 S.W. 68th Ave., Portland, OR 97223 or request an application by calling (800) 493-4937.

Meeting minimum entrance requirements of a given program does not guarantee admission. Admission may be granted to applicants who do not meet all admission requirements at the minimal level if other indicators suggest probable success in the program.

Standardized admissions examination requirements vary according to program. Information about required tests and testing dates and sites may be obtained from the Seminary or Graduate Admissions Offices at George Fox University.

Application Procedures For Graduate Students

Application deadlines for graduate programs vary. Please consult the Graduate Admissions Office or the Seminary Admissions Office.

Applicants to graduate programs at George Fox University must submit the following materials to the Graduate Admissions Office or Seminary Admissions Office:

1. Application for admission to the appropriate program for which admission is sought. (A second application to George Fox University is not required.)
2. \$40 application fee.
3. [Application Form](#) (equi.01(e8640-e-1 Ay2A)Tj0.61)Tj1.208 0 e.

Special Students may be required to receive permission from the director of the graduate program prior to enrolling in courses. Some graduate programs limit the number of hours a Special Student may take or require approval. Because of the cohort format of the D.Min., M.A.T., M.B.A. and M.A.O.L. programs, attendance as a Special Student is not permitted. The Graduate School of Clinical Psychology director must approve part-time attendance in the Psy.D. program for special, non-admitted students. Applicants are required to pay the non-refundable \$40 application fee, and tuition is based on the current per-credit-hour rate.

Campus Visitation

Students interested in enrolling at George Fox University are encouraged to visit the campus, preferably when classes are in session. A visit provides an opportunity to observe classes, see the campus facilities, and talk with students and professors. It also will give University personnel an opportunity to get to know the student better. When possible, visits should be arranged five days in advance through the Graduate Admissions Office or Seminary Admissions Office, which is open on weekdays, 8 a.m. to 5 p.m.

Prospective graduate students may arrange campus visits by contacting the Graduate Admissions Office at (800) 631-0921 or the Seminary Admissions Office at (800) 493-4937.

Financial Aid Application Deadlines

Prospective students are encouraged to apply by May 1 since financial assistance decisions are made shortly thereafter. Applications are welcome after that date, but only federal Stafford Loans will be available for financial assistance. Because financial assistance is extremely difficult to obtain midyear, the University encourages students with these needs to enter in the fall semester.

Application deadlines are:

- Fall semester July 1
- Spring semester December 1
- Summer semester April 1

International Students

George Fox University is authorized to enroll non-immigrant alien students. In addition to the standard requirements for admission, international applicants also must submit the following materials. These

- Doctor of Education
17 semester hours

Transfer credits are not accepted into cohort programs: M.A.O.L., M.A.T., M.B.A., and D.Min.

3. Advanced standing with credit cannot be granted for more than 12 semester hours.

Seminary Advanced Standing

George Fox University will consider applicants for advanced standing at the seminary subject to the following:

1. Students admitted with advanced standing may be granted such standing

- a) without credit by exempting students from some courses but not reducing the total number of academic credits required for the degree, or

- b) with credit by reducing the number of hours required for the degree.

2. If George Fox chooses to grant advanced standing with credit, it must determine by appropriate written and oral examination that students have the knowledge, competence or skills that normally would be provided by the specific courses for which they have been admitted with advanced standing.

FINANCES

FINANCIAL AID

Basis of Student Aid

George Fox University offers several financial assistance programs for its degree-seeking students. Loans are a primary source of financial aid for graduate study. Limited tuition need-based and academic-based grants, scholarships, and employment are available to eligible students enrolled in seminary degree programs. All students in need of financial aid are encouraged to apply.

Information on financial aid options and application procedures is available from the Financial Aid Office. These change annually, so please make sure you have information for the current year.

With few exceptions, students must be enrolled full time (at least eight credits per semester) to receive financial aid. However, eligibility for assistance from the Federal Direct Student Loan program requires half-time enrollment (four semester hours). Students must also meet eligibility requirements of the programs from which they receive assistance. Such requirements include maintaining satisfactory academic progress toward a degree, maintaining a minimum grade point average, having financial need, and other specific conditions of federal, state or University regulations. Students enrolled in certificate programs only are not eligible for financial aid.

Awards Based Upon Financial Need

Financial need is determined by a uniform method of analysis of information provided on the Free Application for Federal Student Aid (FAFSA). The need analysis helps the University determine the contribution the student is expected to make. The difference between this expectation and the cost of attendance at the University is the “need” that financial aid attempts to fill.

Financial assistance awarded by George Fox University takes the form of grants, loans and employ

ment. “Need-based” financial assistance comes from the state or federal government and from the University. Students awarded federal and state aid are subject to the laws regulating those programs. For instance, all federal and state assistance requires signed statements from the recipient attesting that the funds will be used only for educational purposes, that the student is not in default on any government loan nor owing a refund on any government grant, and that the student has registered with the Selective Service or that he or she is not required to do so.

The total financial aid package — including all grants, scholarships and loans — may not exceed the amount of need when federal program funds are included.

The **Clara and Harlan Macy Memorial Scholarship** was established by family members to help seminary students going into pastoral ministry.

The **Chuan Cheng Morrisey Missions Memorial Scholarship Fund** is awarded to students preparing for cross-cultural ministry (preferably with Chinese) or to Chinese students preparing for cross-cultural ministry to non-Chinese.

The **H.W. and Wilma Ogden Scholarship** is awarded to Free Methodist students in the ministry program at the seminary .

The **John and Emma Pike Scholarship** is awarded to Master of Divinity students committed to full-time pastoral ministry upon graduation.

Earnings from the **Lydia C. Sundberg Memorial Fund** are awarded to international students who will return to their homeland or students planning to enter missionary service.

The **Glenn and Allee Yoder Memorial Scholarship** was established in 1993 by their family for the educational advancement of Christian students.

Eligibility for all of the above awards is based on evidence of financial need and is limited to tuition only. If a student's enrollment status changes, the amount of the scholarship may be decreased accordingly. A student may not be on academic probation more than one semester to maintain eligibility. Awards are limited to the amount of

possessed or distributed on or away from campus. Community members are also expected not to abuse the use of legal substances. For information concerning disciplinary actions, please refer to the student and employee handbooks. Students and employees are provided annually, a resource guide concerning drug and alcohol issues.

Disabled Students

The Enrollment Services Office coordinates services for disabled students. The Office also promotes campus awareness of issues and needs of disabled students. Supportive services can be provided, depending on the nature of the disability and availability of resources. Documentation of an existing disability generally will be required.

Interested students should contact the Enrollment Services Office and provide documentation of disability and information concerning desired accommodations. Students are encouraged to contact the Vice President for Enrollment Services as early as possible to make arrangements for necessary support services.

Disclosure of Uses for Social Security Numbers

Providing one's social security number is voluntary. If a student provides it, the University may use his or her social security number for keeping records, doing research, and reporting. The University may not use the number to make any decision directly affecting the student or any other person. A student's social security number is not given to the general public. Students who choose not to provide their social security numbers are not to be denied any rights as a student. A statement in the class schedule describes how social security numbers are used. Providing one's social security number means that the student consents to use of the number in the manner described.

Anti-Harassment Policy

It is the policy of George Fox University that all employees and students work in an environment where the dignity of each individual is respected. Harassment due to race, color, sex, marital status, religion, creed, age, national origin, citizenship status, workers' compensation status, physical or mental disability, veteran's status, or any other status protected under applicable local, state or federal law is prohibited. Such harassing behavior should be avoided because conduct appearing to be welcome or tolerated by one employee or student may be very offensive to another employee or student.

♦ PROHIBITED CONDUCT FOR SEXUAL HARASSMENT

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment/academic status;
- (2) submission to or rejection of such conduct by an individual influences employment/academic status decisions affecting such individual; or
- (3) such conduct has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile or offensive working/student life environment.

The conduct prohibited may be verbal, visual or physical in nature. It includes unwelcome sexual advances, requests for sexual favors, physical touching, or the granting or withholding of benefits (e.g., pay, promotion, time off, grades) in response to sexual contact. More subtle forms of behavior, such as offensive posters, cartoons, caricatures, comments and jokes of a sexual nature are discouraged, as they may constitute sexual harassment when they contribute to a hostile or offensive working/student life environment.

If any employee or student believes he or she has been discriminated against or has been subjected to sexual or other forms of harassment, the employee or student must immediately notify the following persons:

1. If the alleged incident involves a student and a faculty member, contact a school dean, the Vice President for Academic Affairs, the Vice President for Student Life, or the Vice President for Enrollment Services.
2. If the alleged incident involves a staff member or a student in the work-study program for in i847 0 TD(t)Tj0.322 0 TD(esident for A)
