GEORGE FOX COLLEGE

NEWBERG, OREGON 97132

503-538-8383

A College of Distinction

More than 100 years old and still going strong! George Fox College was founded in 1891 with the mission statement: "The purpose of the college is to offer to young men and young women the benefits of a liberal Christian education. The courses of study are arranged to give that broad culture which should be the possession of every intelligent man and woman. The founders recognized the great importance of religious training, and the work of the classroom is not merely consistent with Christianity, but decidedly Christian in its tendencies."

After a 1994 visit by a 10-member accreditation review team for the Northwest Association of Schools and Colleges, members wrote in the final report:

"The team found a rare degree of consistency throughout the institution in understanding and enthusiastic acceptance of the college's stated mission and objectives. The college's steadfast adherence to . . . evangelical Christian traditions throughout its varied liberal arts and professional programs clearly lends DISTINCTION [my emphasis] to a George Fox education."

THE COLLEGE

PURPOSE

MISSION AND OBJECTIVES

The mission of the College from its beginning has been to demonstrate the meaning of Jesus Christ by offering a caring educational community in which each individual may achieve the highest intellectual and personal growth, and by participating responsibly in our world concerns. The foregoing "mission statement" of George Fox College is detailed in the following institutional objectives:

1. Teach all truth as God's truth, integrating all fields of learning around the person and work of Jesus Christ, bringing the divine revelations through sense, reason and intuition to the confirming test of Scripture
2. Support academic programs that liberate the student for a life of purpose and fulfillment through an awareness of the resources of knowledge and culture available; maximize career-oriented education through counseling, curriculum, field experience and placement
3. Maintain a program of varied activities that directs the student to a commitment to Christ as Lord and Savior, encourages attitudes of reverence and devotion toward God, leads to recognition that the revealed commandments of God are the supreme criteria of the good life, enables the student to mirror the example of Christ in human relationships, and develops a greater desire to serve humanity in a spirit of Christian love
4. Provide a center for Quaker leadership where faculty and students learn the history and Christian doctrines of the Friends movement and make contemporary applications of these insights.
5. Give leadership to evangelical Christianity generally, through scholarly publication, lecturing, and by evangelistic and prophetic proclamation and service
6. Promote cocurricular activities that will emphasize the development of leadership, initiative and teamwork by giving opportunity to make practical use of the skills and ideas acquired through academic courses
7. Make itself a community in which studies and activities are made relevant to life, develop insight into social and political issues confronting humanity, and learn to participate democratically in decision making and policy implementing as responsible citizens
8. Serve as a cultural center for all publics of the College and sponsor programs that are informative and culturally stimulating to the larger college community
9. Provide distinctive learning opportunities through continuing education programs and through curriculum enhancements such as off-campus centers, study abroad, honors programs, and other special programs and events
10. Cultivate awareness, respect, understanding and appreciation of cultural diversity throughout the college community to provide members of diverse races and cultures an affirming environment that encourages cross-cultural sharing in the context of Christian lifestyle expectations

STATEMENT OF FAITH

1. We believe there is one God, eternally existent in three persons _ Father, Son, and Holy Spirit
2. We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father as the only mediator between God and man, and in His personal return in power and glory

3. We believe that for the salvation of lost and sinful man, regeneration by the Holy Spirit is absolutely essential
4. We believe the Bible to be the only inspired, infallible, authoritative written word of God
5. We reverently believe that as there is one Lord and one faith, so there is one baptism, whereby all believers are baptized in the one Spirit into the one body
6. We believe the true supper of the Lord is observed when the believer partakes spiritually and inwardly.
7. We believe in the ministry of the Holy Spirit, who fills and indwells the consecrated believer and enables him or her to live a godly life
8. We believe all war is utterly incompatible with the plain precepts of our divine Lord and Lawgiver.
9. We believe in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life, and they that are lost unto the resurrection of damnation

STUDENT OUTCOMES

In any enterprise involving students of varied preparedness, motivation and discipline, there will be differences in outcomes. Education is realistic and idealistic. It reaches beyond the average, the assured, and the guaranteed. College objectives, indeed the entire catalog, may be seen as sincere intention to provide an educational program of high quality. Accountability to students is fulfilled by providing qualified teachers, a community with Christian values, and the historical continuity of a Quaker college. The opportunity for personal growth and development is here, yet student initiative and responsibility are vital. The catalog is not an unconditional contract

ACCREDITATION AND MEMBERSHIPS

George Fox College is accredited by the Northwest Association of Schools and Colleges and by the Oregon Teacher Standards and Practices Commission for the preparation of teachers in specific fields. It is approved by the United States government and the state of Oregon for the education of veterans, by the United States Attorney General for the admission of alien students, and by the American Association of University Women

The College is a member of the national Christian College Consortium, the Christian College Coalition, the American Council on Education, the Association of American Colleges, the College Scholarship Service, the Council of Independent Colleges, the American Association for Higher Education, the Friends Association catioprterve ciarit

George Fox College's "place" is Oregon, the lower Willamette Valley, Newberg, and a 73-acre tree-shaded campus on a wooded ravine in a residential neighborhood. This place offers a variety to meet most interests: a friendly community close (23 miles) to a major metropolitan environment of 1.5 million people, located in the beauty of the Pacific Northwest, with nearby mountain ranges for skiing and easy access to rugged coastal beaches just an hour away

The Centennial Tower, constructed in 1990 to launch George Fox College's Centennial year celebration, was designed by noted architect Pietro Belluschi to be the campus focus and centerpiece. This 65-foot-tall structure at the campus center features carillon, four clocks, and the College's original bell.

Colcord Memorial Field contains a field and polyurethane track resurfaced in the fall of 1993.

The Cole House, located at the corner of Sheridan and Meridian streets, is the former residence of Frank and Genevieve Cole- alumni, past employees and longtime volunteers of GFC. The College purchased their home in 1991 and remodeled it into a residence for 10 women.

The Computer Store, opened in 1991, is the campus center for computer hardware and software purchases, accessories, equipment repair and upgrade, the help desk for direct assistance, and the hot line for telephone assistance.

Edwards Residence Hall, constructed in 1964 and overlooking Hess Canyon, is a residence for men and women with alternate-floor housing for 106 students.

Lewis Apartments provide housing for 56 upper-division students in a total of 16 units

The Maintenance Building, opened in 1967 and expanded in 1979, contains work areas and offices for custodial, maintenance and grounds personnel

McGrew House, located at Hancock Street and Carlton Way, houses nine women. It was purchased in 1992

The Virginia Millage Memorial Rose Garden has 224 plants of 43 varieties in 24 beds. The 72-foot-diameter circular garden was created in 1992, honoring a GFC alumna and volunteer leader.

Minthorn Hall, constructed in 1886, is the only first-generation building still in use. Remodeled and refurbished in 1962, 1989 and 1992, it houses faculty offices for teacher education and literature; two classrooms; the Campus Ministries Office; and the Department of Graduate and Continuing Studies

The Curtis and Margaret Morse Athletic Fields, dedicated in 1989, contain a baseball diamond, softball field, soccer field, and practice areas

The M. J. Murdock Learning Resource Center, completed in the fall of 1988, houses 100,000 volumes on three floors. Its features include study carrels; rare book collections; special collections concentrating on Quaker, Hoover and peace studies; microforms and microform readers; CD-ROM workstations; and the curriculum library. The Instructional Media Center on the lower level includes computer and audiovisual laboratories, a recording studio, darkroom, and study skills center.

Newlin Apartments, located on North Street, are four units available for use by 16 upper-division students.

Parker House, a one-story duplex, was purchased in 1992. Located across from Pennington Hall parking area, it houses eight students

Pennington House contains the Admissions Office, both graduate and undergraduate. Purchased in 1993, the longtime home of former college president Levi Pennington was built in 1899 at the southeast corner of Sheridan and Center streets

Pennington Residence Hall, built in 1962 and renovated in 1994, is a residence hall for 102 students and a head residents apartment, with alternate-wing housing for men and women

The President's/Development Offices, opened in 1991, are a remodeled residence at Sheridan

Sherman Street House, purchased in 1991, is a duplex that provides accommodations for 10 students.

The Student Union Building, built in 1958 and enlarged in 1968 and 1979, includes student government offices, the Bookstore, student post office and a recreation room

Tennis Courts are located on the edge of Hess Creek canyon near Colcord Field. The five courts were constructed in 1994

Tilikum Retreat Center, located on 92 acres in the Chehalem Valley just eight miles from campus, is a retreat, camping and educational center. Students, church groups, families and community organizations enjoy 77 acres of woods and meadows, a 15-acre lake, an overnight retreat center, a lakeside recreation building, and a restored one-room schoolhouse. Through these facilities, the College has developed a curriculum in Christian camping and recreation

The Video Communication Center, completed in 1979, houses a television production studio, as well as offices and supporting facilities

The Weesner House, on Carlton Way, accommodates 12 women in a two-story residence constructed in 1924 and completely renovated in 1980

Weesner Village consists of 12 apartments designed for use by 48 upper-division students

The Coleman Wheeler Sports Center, completed in 1977, is the College's largest building. It contains the James and Lila Miller Gymnasium, featuring three basketball courts and seating for

STUDENT LIFE

STUDENT ACTIVITIES AND ORGANIZATIONS

Student organizations provide opportunity for the development of leadership qualities and interpersonal relationships. These are designed to supplement classroom work with practical experience and to provide wholesome and profitable recreation. Many activities are available, including campus government, athletics, music, drama, publications, social and religious organizations, and various special interest groups. Students are encouraged to participate in areas of their interest

ATHLETICS

George Fox College has excelled in athletics during recent years. Intercollegiate sports for men include soccer, cross country, basketball, baseball, and track and field. Women's intercollegiate sports include soccer, cross country, volleyball, basketball, softball, and track and field. The College also has an intramural program

Both men's and women's intercollegiate athletics function under the guidelines of the National Association of Intercollegiate Athletics (NAIA)

The basic aims of the intercollegiate athletic program are as follows:

1. To provide a well-rounded schedule of intercollegiate athletic competition for men and women in sports designed to encourage participation by a segment of the student body and that complements and is consistent with the educational goals of the institution
2. To encourage physical fitness and the development of physical skills and emotional control; to

All social and college activities arranged by departments, campus clubs, or groups of students are scheduled through the Office of College Relations

Any student whose behavior is dishonest, destructive, unethical or immoral, or whose conduct is detrimental to the total welfare of the community, shall be subject to disciplinary action that may result in suspension or dismissal

In accordance with Christian convictions honoring the body as the temple of the Holy Spirit, the college community accepts a lifestyle that forbids immoral sexual behavior and the use or possession of alcohol, tobacco or illegal drugs. Obscene or pornographic articles or literature and

With the exception of seniors living in College-owned apartments, resident students are required to

STUDENT SERVICES

STUDENT LIFE OFFICE

This office, located in Wood-Mar Hall, is responsible for the organization and programming of residence housing, new student orientation, counseling, student government, health services, career services, student activities, and campus ministries. This office also offers individual attention to problems arising among students. Students are encouraged to contact this office whenever they are concerned about aspects of college life not specifically related to curricular programs. The Vice President for Student Life coordinates these services and programs

CAREER SERVICES OFFICE

This office, located in Wood-Mar Hall, is the center for career and postgraduate planning. This covers selecting a major to finding employment or attending graduate school. Resources include career courses, testing, counseling, special events, job search training, and a library with occupational, graduate school and company information. Permanent, summer, and internship jobs are posted daily, with a weekly job bulletin published as well. Comprehensive computer guidance, the Alumni Career Resource Network, and the Oregon Liberal Arts Placement Consortium Jobs Fair are special features. Staff includes the director, assistant, secretary and intern

FINANCIAL AID OFFICE

This office in Hoover Academic Building coordinates student employment; awards of scholarships, grants and loans; and other forms of financial assistance

HEALTH SERVICES

students and coordinates training for the various leadership positions. Students are encouraged to participate in one of the many leadership opportunities on campus

ACADEMIC PROGRAMS AND SERVICES

COURSE CHALLENGE PROGRAMS

Students may reduce the number of required courses and add flexibility to their undergraduate years by one or more of the following programs

ADVANCED PLACEMENT

College credit may be granted in several subject areas to the student who completes a college-level course in high school and receives a score of three or better through the Advanced Placement Program sponsored by the College Entrance Examination Board. Students expecting advanced placement credit should request, at the time the test is taken, that scores be sent to George Fox College

COLLEGE LEVEL EXAMINATION PROGRAM

The Educational Testing Service of the College Board provides nationally recognized standardized

The American Studies Program was created to provide field experience and study opportunities in Washington, D.C., for diverse majors and personal interests. The program is based on the idea of integrating faith and learning through both a real-life work experience and a study program. Students spend their time in Washington serving as interns, participating in an academic seminar program, and living in a small Christian community

Further information and application forms are available from the Registrar

CONSORTIUM VISITOR PROGRAM

The Christian College Consortium, described on page 6, sponsors a student visitors program intended as an enrichment to those disciplines where personnel and courses may be somewhat limited. Normally this one-semester experience should be part of the junior year or the first semester of the senior year. Application forms and a descriptive brochure are available from the Registrar.

The program permits a student in good standing to enroll for one semester at one of the other consortium colleges. Qualifying students must have at least a 2.5 grade point average and have completed prior to application one or more semesters free of academic or citizenship probation

Travel courses, plus some inner-city and overseas study opportunities, are available through the coalition schools. These change each year

Selection to the above programs will be based on the academic purposes involved, grade point average, citizenship, classification, and the extent to which the student has or has not had diverse educational experiences

FIELD EDUCATION

This program, commonly referred to as "field experience,"

Evaluation of the field experience is based upon successful completion of the stated individualized objectives in the Learning Plan. Field experience may be “pass” or “no pass” at department option or, in absence of department policy, at the student’s option.

INTERNATIONAL TRADE INSTITUTE

Through the International Trade Field Study Program, based in Portland, Oregon, college seniors have the opportunity to participate in a field experience and seminar program focusing on foreign trade, international business, global politics, and area studies. This program, sponsored by the state of Oregon, is a cooperative effort of state government, the business community, and Oregon’s public and private colleges. It links traditional classroom learning with direct experience in international commerce

LOS ANGELES FILM STUDIES CENTER

Under the direction of the Christian College Coalition, the Los Angeles Film Studies Center takes a “Hollywood Semester” available to upper-division George Fox College students who qualify and who are accepted. The program provides a Christian-values base for advanced on-the-job training in professionally recognized and qualified film industry settings. The Hollywood Semester consists of three courses:

Inside Hollywood: The Work and Workings of the Film Industry

Keeping Conscience: Ethical Challenges in the Entertainment Industry

Film in Culture: Exploring a Christian Perspective on the Nature and Influence of Film

Students who complete the semester may then apply for a semester-long internship in their field of interest. See the Registrar for further details and application forms

MALHEUR FIELD STATION

George Fox College holds membership in the Malheur Field Station Consortium of 25 Oregon, Washington, Idaho, and Nevada colleges and universities. The consortium maintains an undergraduate and graduate research facility on the Malheur Wildlife Refuge south of Burns, Oregon. Summer college credit can be obtained there in courses including archaeology, art, biology, photography, sociology and writing. Information may be obtained from the biology faculty

OICA CROSS-REGISTRATION

A full-time student may take one course a semester for no additional tuition at one of the neighboring institutions in the Oregon Independent Colleges Association (OICA). Only courses not available on the home campus may be selected. Cross-registration is initiated by application through the George Fox College Registrar

OREGON THEOLOGICAL CONSORTIUM CROSS-REGISTRATION

A full-time student may take one course a semester at one of the Oregon Theological Consortium colleges or seminaries. Similar guidelines and procedures as for OICA cross-registration apply. Contact the George Fox College Registrar for a current list of OTC schools, information on their offerings, and application procedures

INTERNATIONAL STUDY PROGRAMS

JUNIORS ABROAD

In order to enrich the intercultural and international awareness of our campus community, George Fox College offers a transportation-subsidized overseas course of approximately three weeks to any junior student who has fulfilled the requirements below. These tours occur during the annual May Term.

Detailed information about eligibility and specific study tours is available from the Director of Overseas Study. The program’s general policies are as follows:

1. Students must have maintained three consecutive years of full-time enrollment. Transfer students may receive partial support for transportation expenses; requests for such support should be made to the Director of Overseas Study
2. Students may include tuition costs of this course as part of their block tuition for the spring semester preceding the May tour, and will be billed for whatever credits exceed the 17 1/2-hour limit.

CENTER FOR PEACE LEARNING

The Center for Peace Learning was established in 1985 after a growing concern among administrators, faculty and students that George Fox College have an active learning program dealing with peacemaking and conflict resolution. The planning for the center was the specific result of a searching question in Senator Mark Hatfield's address at the inauguration of President Edward Stevens in March 1984. The senator asked what George Fox College was doing about the frightening possibility of nuclear war

The center coordinates a number of courses, taught by faculty in various departments, which can be combined in a minor or used to enrich courses taken to prepare for service in such careers as social work, pastoral ministry, peace education, teaching in public or private schools, diplomacy, and business. In addition to regular course work, the center offers a variety of learning experiences for students and community participants, including lectures, films, international work/study trips, and field experience placements. Research is encouraged and made possible by the peace collection in the M. J. Murdock Learning Resource Center and by the specialized materials in the Center for Peace Learning

The Center for Peace Learning conducts a study program in conflict management to prepare students for practical peacemaking in their work, church, community and family. (See page 40.) Certificates are awarded upon completion of the program, details for which are presented in the Peace and Conflict Studies section of this catalog

COMPUTERS ACROSS THE CURRICULUM

This program provides a Macintosh computer to each faculty member and every full-time traditional undergraduate student, beginning with the class matriculating in the fall of 1991. The cost of the computer is included in tuition. The purpose of the program is to enhance the experience of teaching, learning and research during the years spent in college. Professors in departments use their computers to make classroom presentations, share software programs and documents with students, and develop software specifically for their courses. Instructional software programs developed at other colleges and universities also are used in the classroom and laboratory

The program also features a newly equipped Macintosh laboratory located in the Murdock Learning Resource Center. This lab is open to all students and contains color computers, laser printers, a scanner, CD-ROM and laser disc drives. The Campus Computer Store provides computers, software and supplies to the campus, as well as hot line technical support and computer repair services.

ENGLISH LANGUAGE INSTITUTE

George Fox College offers an intensive English as a Second Language program during the academic year for international students who need to improve their academic English skills. For details of curriculum, credit and enrollment, see page 34

FRESHMAN EXPERIENCE PROGRAM

Repeated studies of the experience of college freshmen have found that the degree to which students identify with and become involved in the college environment during the first few weeks of attendance affects their success and satisfaction with their entire college experience. As a result, George Fox College demonstrates its commitment to freshmen by providing a Freshman Experience Program to assist students as they integrate themselves into the academic and social life of the college community

All first-time freshman students who matriculate fall semester participate in the Freshman Experience Pro-gram. Students meet in small groups with an assigned faculty advisor for a required one-hour Freshman Experience Seminar for the first five weeks of the fall semester. The faculty advisor also meets with students individually for academic advising. A returning student peer advisor is assigned to a group and maintains one-on-one contact with each freshman to assist with the transition to college life. This program provides new college students with the opportunity to interact-beyond the residence hall and traditional classroom setting-with each other, with a faculty member, and with a returning student during the first semester of enrollment

HERBERT HOOVER SYMPOSIA

Every two years since 1977, members of the history faculty have invited to the George Fox College campus leading authorities on the life and career of Herbert Hoover. Hoover Symposium IX, on "Hoover and the Presidents," was held in October 1993. These meetings are attended by professional historians, students, faculty, and friends of the College. Credit is offered to students who study selected aspects of the rich and varied career of the 31st president of the United States

The ties between Herbert Hoover and George Fox College began in 1885. That fall, 11-year-old Bert Hoover, recently orphaned in Iowa, moved to Newberg, Oregon, to live with his uncle and

PREPROFESSIONAL PROGRAMS**PRE DENTAL, PREMEDICAL, PREVETERINARY PROGRAMS**

George Fox College is pleased with the excellent success students have had in gaining admission to medical and dental schools. Students who wish to pursue a career in medicine, dentistry or veterinary medicine usually select a major in biology or chemistry. They may, however, choose any academic major the College offers as long as they take certain specific courses required by the professional schools. George Fox College offers all of the science and mathematics courses required by the professional schools of the region. Even though specific requirements differ with each medical school, the requirements uniformly include the following:

BIO 101, 102 General Biology

CHE 111, 112 General Chemistry

CHE 325, 326 Organic Chemistry

PHY 201, 202 General Physics

One year of mathematics, usually fulfilled by MTH 201, 202 Calculus

Other courses highly recommended are as follows:

BIO 310 Embryology

BIO 322 Comparative Vertebrate Anatomy

BIO 330 Animal Physiology

BIO 350 Genetics

BIO 370 Microbiology

BIO 420

GENERAL EDUCATION

General Education Requirements

General education requirements total 54 semester hours. Certain lower- and upper-division courses in general education are required of all students. The specified courses and the options listed below provide knowledge and skills in support of cultural perspectives and major programs. Since some majors have specified certain of the options stated below, students should check the major requirements described for their selected majors. Except for such specifications, students may not use the same course to fulfill both general education and major requirements. Additionally, all first-semester freshman students who matriculate in the fall are required to enroll for GED 130 Freshman Experience Seminar

GED 240 Perspectives in Education

2 hours. An overview of history and social issues in education and an exploration of teaching as a career. Introduction to the teacher education program at George Fox College. Includes 30 class hours of field experience. Sophomore or junior standing required. Required for elementary and secondary teaching majors

GED 375 Cultural Experience

Maximum 12 hours. Supervised experience in a cultural setting that contributes to the educational goals of the student. This may include, but is not limited to, Juniors Abroad study tours.
Prerequisite: Consent of advisor and school dean

Course Numbering System

Courses are designed for levels of experience and difficulty, and the course numbering system reflects this. Courses numbered 100 to 299 are lower-division level and normally are open to freshmen and sophomores. Courses numbered 300 to 499 are upper-division level and normally are open to juniors and seniors. Freshmen may not enroll in courses at the 300 and 400 level except by permission of the chairperson of the department in which the course is offered. A 300-numbered course may be open to sophomores. Exceptions may be made when prerequisites are met and general education requirements have been fulfilled on schedule

Course numbers ending in "0" (e.g., EDU 300) designate courses that are complete in one semester. They may be scheduled for either semester during the college year

Course numbers ending in "5" (e.g., MUS 105) designate courses that may be pursued for several semesters under the same number, with all credits applicable, within stipulated limits

Course numbers ending in "1" and "2" or in "8" and "9" (e.g., CHE 111, 112) designate courses offered throughout the year. A continuing course may not be entered in the second semester without completing the previous semester or obtaining the permission of the instructor

Course numbers ending in "75" designate supervised teaching or field education courses for which application is necessary through the Registrar. See "Field Education" on page 18.

Courses designated "285" and "485" are special classes that may be offered in any department to reflect single-time offerings of visiting professors or group seminars

Courses designated "295" and "495" are individualized special study programs not a part of the regular curriculum. Entry application forms are available from the Registrar and, when completed, become a learning contract between the student and the instructor

All "475," "485," and "495" courses are limited to juniors and seniors who are majoring in the field. A student may not be enrolled in more than four hours of 295/495 in any regular semester and may not accumulate more than 12 hours of 295/495 for graduation

Many 300- and 400-level courses are offered in alternate years. If a year of offering is stated, it should be assumed that the course will be offered in alternate years only

A GED prefix refers to general education

Courses at the 500- to 700-levels are graduate courses

Majors and Degrees

George Fox College confers these degrees: Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Arts in Teaching, Master of Education, Master of Business Administration, Master of Arts in Psychology, and Doctor of Psychology. Included are 34 undergraduate and six graduate majors, organized in three schools

Admission to an Undergraduate Major

Admission to the College does not imply automatic admission to a major. Admission to a major is by application to the department sponsoring the major

Though entry into George Fox College may be with a major as an objective, application and selection is to be accomplished after 45 credits have been earned, or during the second semester of the sophomore year

In most cases, admission to a major will include meeting initial standards, as in the example of admission to teacher education and music. Admission to a major is normally accomplished no later than the end of the junior year, or before the completion of 90 credits

Interdisciplinary Majors

The cross-disciplinary major consists of a minimum of 48 semester hours with either a 24/12/12-hour option from three fields or a 24/24-hour option from two fields. The 24/12/12 and the 24/24 options are at the discretion of the department. Of these hours, 30 must be upper division. The student must complete a contract form prepared in consultation with the advisor, the Registrar, and

ENGINEERING (B.S. DEGREE FROM UNIVERSITY OF Portland, Washington University of St. Louis, or Seattle Pacific University)

George Fox College offers a combined liberal arts and engineering program through a cooperative arrangement with University of Portland's Multnomah School of Engineering, Washington University's Sever Institute of Technology, and Seattle Pacific University's engineering school. Students completing this five-year program will receive two Bachelor of Science degrees: an applied science degree from George Fox College after the fourth year, and an engineering degree from one of the above listed engineering schools

Students attend George Fox College for three years. Here they take most of their general education, mathematics, science, and lower-division engineering courses. They may then qualify for transfer to an engineering school, where they spend two years in any one of several engineering curricula: civil engineering, electrical engineering (computer or electrical track), mechanical engineering, engineering management, engineering science, or chemical engineering. The University of Portland also offers a Master of Science program in engineering that can be completed in approximately one additional year

Major Requirements

Requirements for an applied science major consist of 45 semester hours, to include the following courses:

EGR 102 Engineering Graphics
 EGR 211 Engineering Mechanics Statics
 EGR 212 Engineering Mechanics Dynamics
 EGR 322 Strength of Materials
 EGR 331 Logic Design
 PHY 211, 212 General Physics with Calculus
 PHY 260 Circuit Analysis
 MTH 310 Differential Equations
 MTH 320 Linear Algebra
 CIS 201 Introduction to Computer Science
 CIS 220 Introduction to Numerical Computation

Ten additional hours in engineering courses are to be transferred back from the engineering school.

Eight hours of CHE 111, 112 General Chemistry are required to meet the natural science general education requirement

Eleven hours of MTH 201, 202, 301 Calculus I, II, III are required, of which eight meet the mathematics general education requirement

The remainder of the engineering curriculum will be taken in two years at the engineering school

For a complete list of required courses, consult the engineering advisor or the Registrar. General education requirements are substantially different for engineering students. Details are available from the engineering advisor or the Registrar

BIBLICAL STUDIES

(B.A. Degree)

Major Requirements

Requirements for a biblical studies major consist of 40 semester hours (exclusive of general education courses), with 18 hours from upper-division courses (at least six at the 400 level) and distributed as follows:

20 hours in biblical studies

6 hours in Christian ministries

8 hours in religion (including REL 380 Christian Beliefs)

6 hours in philosophy

A maximum of two hours may be counted through BIB 495 Special Study

BIOLOGY

(B.S. Degree)

Major Requirements

Requirements for a biology major consist of 34 semester hours, including the following courses:

BIO 101, 102 General Biology

At least 26 upper-division hours, to include One course in botany

BIO 350 Genetics

BIO 360 Ecology

BIO 420 Cell Biology

BIO 491, 492 Senior Seminar

A thesis reporting independent research is required for graduation and involves approval of subject

MTH 240 Statistical Procedures

Common Core

All students majoring in the Department of Business and Economics are required to take the following common core of courses, totaling 21 semester hours:

BUS 110 Introduction to Business
 ECO 201 Principles of Economics
 ACC 271, 272 Principles of Accounting
 BUS 300 Management
 BUS 340 Marketing
 BUS 360 Business Law

Concentration

Each student is required to select one of the following specialties and to take all courses listed under that concentration, totaling 18 semester hours:

Accounting

ACC 371, 372 Intermediate Accounting
 ACC 380 Managerial and Cost Accounting
 ACC 471 Advanced Accounting

One upper-division economics course

(Students preparing for professional certification are advised also to take ACC 350 Principles of Taxation, BUS 410 Financial Management, and ACC 472 Auditing.)

Economics

BUS 280 Research Methods in Business and Economics
 ECO 330 Managerial Economics
 ECO 340 Public Economics
 ECO 350 International Trade and Finance
 ECO 360 Global Political Economy
 ECO 495 Special Study

Management

BUS 250 Computer Applications
 ECO 330 Managerial Economics
 BUS 370 Organizational Behavior
 BUS 410 Financial Management
 BUS 490 Business Policy and Strategy

One of the following:

BUS 320 Human Resources Management,or
 BUS 330 Small Business Management andEntrepreneurship

Marketing

BUS 250 Computer Applications
 BUS 280 Research Methods in Business and Economics
 ECO 330 Managerial Economics
 BUS 350 International Marketing
 BUS 420 Advertising and Promotion
 BUS 440 Marketing Management

International Business and Economics

BUS 280 Research Methods in Business and Economics
 INS 340 International Relations
 BUS 350 International Marketing
 ECO 350 International Trade and Finance
 ECO 360 Global Political Economy
 GED 375 Cultural Experience (minimum of 3 hours)

(Students with an interest in international trade are encouraged to participate in the International Trade Institute in their senior year.)

Management and Information Science

CIS 201, 202 Introduction to Computer Science
BUS 250 Computer Applications
CIS 321 Information and Database Systems
CIS 322 Systems Development Seminar
One upper-division economics course

CHEMISTRY

(B.S. Degree)

Major Requirements

Major requirements consist of 36 semester hours in chemistry, to include the following courses:

CHE 111, 112 General Chemistry

Communication arts features an interdisciplinary approach to communication that integrates the interests of speech communication, drama, journalism and media with a common core of courses in communication and rhetorical theory

Requirements for a communication arts major consist of 36 semester hours (exclusive of general education courses) distributed as follows:

Performance Core Courses

WRI 230	Introduction to Journalism
COM 200	Persuasive Communication
COM 210	Interpersonal Communication

Theory Core Courses

COM 300	Theoretical Approaches to Communication
COM 400	Critical Approaches to Communication

Practicum

Six hours from COM 305 Professional Communication Activities, and/or COM 275/475 Field Experience.

Electives

Fifteen additional hours from communication arts, communication/video production, and/or writing. Not more than three hours should be in practicum courses. (Students should choose their electives under the guidance of their advisors.)

COMMUNICATION/VIDEO PRODUCTION

(B.A. Degree)

Major Requirements

The communication/video production major combines the liberal arts emphasis of communication arts with hands-on experiences in video production to create this broad but functional major. Extensive electives allow the student to design a program that fits needs or interests. The major consists of 36 required semester hours (exclusive of general education courses), distributed as follows:

Production Core Courses

CVP 230	Introduction to Television Production
CVP 260	Television and Film Scriptwriting
CVP 350	Editing Video
CVP 430	Producing and Directing Television
THE 120	Introduction to Acting
THE 220	Oral Interpretation of Literature

Theory Core Courses

COM 230	Mass Media and Popular Culture
COM 300	Theoretical Approaches to Communication
COM 330	Moving Image Criticism

Electives

Ten hours from communication/video production, communication arts, writing, literature, and/or other courses chosen with the approval of the student's advisor.

COMPUTER AND INFORMATION SCIENCE

(B.S. Degree)

Major Requirements

Students may choose between two tracks in computer and information science. Descriptions and course requirements follow:

Computer Science Track

A major in the computer science track requires 39 semester hours of computer and information science and mathematics courses, to include the following:

CIS 201, 202	Introduction to Computer Science
CIS 310	Data Structures and File Processing
CIS 321	Software Engineering
CIS 340	Database Systems
CIS 410	Computer Organization and Assembly Language Programming
CIS 420	Structures of Programming Languages
CIS 460	Operating Systems
MTH 360	Discrete Mathematics

Choose nine hours from the following:

CIS 220	Introduction to Numerical Computation
CIS 330	Computer Graphics
CIS 350	Data Communications and Networks
CIS 470	Operations Research
EGR 331	Logic Design

Choose two hours from the following:

CIS 322	Systems Development Seminar
CIS 475	Field Experience

In the general education program, mathematics through MTH 202 Calculus II is required

Information Science Track

A major in the information science track requires 42 semester hours of computer and information science and business courses, to include the following:

CIS 201, 202	Introduction to Computer Science
CIS 310	Data Structures and File Processing
CIS 321	Software Engineering
CIS 340	Database Systems
CIS 460	Operating Systems

Choose nine hours from the following:

CIS 330	Computer Graphics
CIS 350	Data Communications and Networks
CIS 470	Operations Research
CIS 410	Computer Organization and Assembly Language Programming
CIS 420	Structures of Programming Languages
EGR 331	Logic Design

Choose two hours from the following:

CIS 322	Systems Development Seminar
CIS 475	Field Experience

Required business courses:

BUS 110	Introduction to Business
BUS 250	Computer Applications
BUS 300	Management
ACC 271	Principles of Accounting

In the general education program, ECO 201 Principles of Economics is required

ENGLISH AS A SECOND LANGUAGE

The purpose of the Department of English as a Second Language/English Language Institute is to develop the language and academic skills of students and raise their level of cultural awareness in order to prepare them for academic and social success at George Fox College

English as a Second Language, taught in the English Language Institute at George Fox College, prepares international students to meet the challenges of academic study in English. International students who score less than 550 on the Test of English as a Foreign Language (TOEFL) study intensive English approximately 14 hours per week while they are also enrolled in one or two regular college courses. (For exceptions to the 550 TOEFL standard, see page 115.)

To prepare international students to enter into academic life at George Fox College as full and successful participants, ELI courses develop the students' general English proficiency, academic skills, and cultural and social awareness. Lower-level courses stress basic language skills, while higher-level courses concentrate increasingly on academic skills. The core courses at each level

Major Requirements

Requirements for a history major consist of 36 semester hours of history, with a minimum of 24 upper-division hours, to include the following courses:

HST 101	Western Civilization to 1789
HST 102	America and the World
HST 490	History Seminar

HOME ECONOMICS

(B.S. Degree)

Major Requirements

Students may choose among four tracks in home economics. Descriptions and course requirements follow:

Foods and Nutrition in Business Track

Foods and nutrition in business is a multidisciplinary major incorporating academic cores in consumer-oriented food science education, human nutrition, and business

Course work in food composition and preparation, analysis of consumer trends, and recognition of global food issues prepares students as food professionals, while course work in human nutrition and contemporary nutrition issues equips them with the knowledge base necessary to work in areas of fitness management, diet analysis, and consumer nutrition education. The third core of course work serves as the medium for the utilization of this knowledge base, preparing students for careers in industries requiring the skills of food specialists, including new product development, test kitchens, recipe development, and food product promotion

In the general education program, CHE 111 General Chemistry and ECO 201 Principles of Economics are required

The following courses, totalling 44 semester hours, are required for a major in foods and nutrition in business:

HEC 211	Foods I
HEC 212	Foods II
HEC 250	Residential Equipment
HEC 290	Meal Management
HEC 300	Nutrition
HEC 310	Cultural Foods
HEC 340	Current Trends in Foods
HEC 350	Resource Management
HEC 360	Consumer Buying
HEC 430	Nutrition and the Life Cycle
HEC 475	Field Experience
HEC 490	Senior Seminar
BUS 110	Introduction to Business
BUS 300	Management
BUS 340	Marketing
ACC 271	Principles of Accounting

Fashion Merchandising/Interior Design Track

The fields of fashion merchandising and interior design share a common base of knowledge grounded in the academic fields of home economics and business. A background in apparel construction and design, merchandising of fashion, and market analysis prepares students for careers in fashion merchandising. Residential architecture, household equipment, and interior design classes prepare students for positions as interior designers. Career opportunities include merchandise buying, design display, entrepreneurship, apparel design, textile design, fashion analysis, interior design, housing and home planning, kitchen and bath design, equipment promotion demonstration, energy conservation management in the home, furniture sales, and business management and administration

Fashion merchandising and interior design are prime users of advanced computer technology. Each incoming full-time student at George Fox College is provided with a Macintosh computer, which allows proficiency in computer-assisted design in fashion, architecture, and interior design

A field experience (internship) in the Portland metropolitan area puts students in the workplace before graduation, giving them valuable business experience. In merchandising, students may be placed with buyers in fashion retail firms. In interior design, internships will allow students to work with interior designers

The following courses, totalling 44 semester hours, are required for a degree in fashion merchandising and interior design:

HEC 120	Apparel Construction
HEC 220	Fashion Merchandising
HEC 230	Textiles Science
HEC 250	Residential Equipment
HEC 260	Retail Apparel Management
HEC 320	Market Analysis for Fashion Merchandising
HEC 330	Residential Architecture
HEC 350	Resource Management
HEC 351	Interior Design I
HEC 352	Interior Design II
HEC 360	Consumer Buying
HEC 370	Pattern Drafting and Apparel Design
HEC 475	Field Experience
HEC 490	Senior Seminar
BUS 110	Introduction to Business
BUS 300	Management or
BUS 340	Marketing

Cooperative 3-1 Degree Program Track with the Fashion Institute of Design and Merchandising

George Fox College offers a cooperative degree program with the Fashion Institute of Design and Merchandising in Los Angeles, California. This cooperative program provides for students to

HEC 212	Foods II
HEC 220	Fashion Merchandising
HEC 230	Textiles Science
HEC 250	Residential Equipment
HEC 280	Marriage and the Family
HEC 290	Meal Management
HEC 300	Nutrition
HEC 311	Human Development: Infancy to Adolescence
HEC 320	Market Analysis for Fashion Merchandising
HEC 370	Pattern Drafting and Apparel Design
HEC 330	Residential Architecture
HEC 350	Resource Management
HEC 351	Interior Design I
HEC 360	Consumer Buying
HEC 490	Senior Seminar

Note: For home economics teaching major requirements leading to certification to teach from kindergarten through high school (K-12), see the 'Teacher Education' section of the catalog

HUMAN PERFORMANCE

(B.S. Degree)

GENERAL EDUCATION REQUIREMENTS IN HUMAN PERFORMANCE

Four semester hours of human performance are required to complete the college general education requirement. Students may enroll in one limited-enrollment human performance activity course per semester and one unlimited-enrollment human performance activity course per semester. This requirement may be satisfied in the following ways:

1. Human performance activity or adapted activity classes
2. Any health class (except HEA 310 School Health Program) will satisfy a maximum of two hours of the requirement
3. Up to two hours may be waived upon successful completion of proficiency tests in selected areas. A current Red Cross Lifeguarding or Water Safety Instruction certificate will waive one hour without further examination
4. Two credits toward the four-hour requirement may be earned on intercollegiate athletic teams. Only one credit in any one sport will count
5. Any professional activity class meets one hour of the requirement. By permission only

Major Requirements

Athletic Training Major Track

Requirements for the athletic training major track in human performance include the following courses:

HEA 200	Lifestyle Management
HEA 210	Drug Education
HEA 230	First Aid and Safety
HEA 300	Nutrition
HPA 135	Weight Training
HHP 200	History and Principles of Physical Education
HHP 228	Conditioning/Body Mechanics and Aerobics
HHP 360	Organization and Administration of Health and Physical Education
HHP 365	Current Issues in Athletic Training (3 semesters)
HHP 375	Athletic Training Practicum (3 semesters)
HHP 390	Care and Prevention of Athletic Injuries
HHP 400	Recognition of Athletic Injuries
HHP 410	Therapeutic Exercise and Modalities
HHP 430	Exercise Physiology
HHP 450	Kinesiology
HHP 490	Senior Seminar

MANAGEMENT OF HUMAN RESOURCES

(B.A. Degree)

The Department of Continuing Studies offers a major in management of human resources to adult students who are returning to college to complete their degrees

The management of human resources major is a unique alternative to the traditional method of pursuing a college degree. It is designed specifically for adults who want to complete their college degree, while continuing to work, in classes conveniently located and coordinated with their schedules.

Students study with other adults who share similar interests and concerns. Together they form an academic support group, drawing from their own personal, professional and technical backgrounds as they follow an intense program of classes and individual study

Students who successfully complete the MHR 34-semester-hour program and accompanying requirements are granted a Bachelor of Arts degree in management of human resources from George Fox College. Applicants to the management of human resources program must have a minimum of 62 semester hours of transferable college credit from accredited institutions. General education requirements, totaling 35 semester credits (included as part of the 62 semester hours), should have been met upon entrance. Individuals with 90 or more semester hours of transferable credits are considered optimum candidates. Military credit, evaluated and assessed upon acceptance into the MHR program, is officially awarded and transcribed upon the student's successful completion of the program

Through its MHR degree-completion program, George Fox College's Department of Continuing Studies serves the needs of adult learners and helps them assess personal values, develop interpersonal skills, and enhance competencies in order to influence the quality of work within their organizations

The goals of the MHR degree-completion program are to improve and further develop the following:

1. Interpersonal and leadership skills,
2. Written and oral communication skills,
3. Problem-solving and decision-making skills,
4. Understanding of the research process and its application,
5. Self-knowledge and self-image, and
6. Learner independence and self-reliance

CREDIT FOR LIFE LEARNING

George Fox College recognizes that college-level learning occurs in many environments in addition to the traditional college classroom. The College provides an opportunity for MHR students to earn

Supportive Music Studies

Supportive music studies allow the student to choose an interest area with his or her advisor to pursue courses that supplement the student's interest in performance, composition or sacred music. The Fine Arts Handbook at the Music Office serves as a guide for student and advisor

church, community and family. Students will study the theory of communication and conflict resolution, be introduced to relevant skills, and equip themselves to apply this learning in a variety of action settings

Major Requirements

An interdisciplinary major may be elected through application and approval of the department. It consists of two 24-hour blocks, one in a departmental major, the other in any other major field. The student application must show how the proposed interdisciplinary major meets reasonable academic and vocational objectives

Requirements for the biblical studies block:

10 hours in biblical studies

8 hours in religion, including REL 380 Christian Beliefs

3 hours in philosophy

CHM 360 Perspectives in Christian Education

Requirements for the religion block:

10 hours in religion, including REL 380 Christian Beliefs

8 hours in biblical studies

3 hours in philosophy

CHM 360 Perspectives in Christian Education

Requirements for the Christian ministries block

An interdisciplinary block in Christian ministries is offered, with half or more of the 24 hours in Christian ministries and the remainder in biblical studies, philosophy and religion. One recommended pattern is as follows:

12 hours in Christian ministries, including

CHM 130 Christian Discipling, and

CHM 360 Perspectives in Christian Education

6 hours in biblical studies

3 hours in philosophy

REL 380 Christian Beliefs

Also offered is an interdisciplinary block in the area of camping ministries. Details are available from the Department of Religious Studies Office

INTERNATIONAL STUDIES WITH RELIGION EMPHASIS

International studies is an interdisciplinary major designed to prepare students for foreign missionary service or for other international vocations. Students taking this major as preparation

SWK 360	Social Policy
SWK 381	Counseling
SWK 391	Social Work Methods I
SWK 392	Social Work Methods II
SWK 275/475	Field Experience (nine hours)
SWK 490	Senior Seminar

Sociology (15 hours required):

SOC 300	Group Dynamics
or SOC 350	Social Psychology
SOC 310	Cultural Anthropology
or SOC 380	Ethnic Groups and Social Minorities
SOC 410	Juvenile Delinquency
or SOC 450	Gerontology
SOC 275/475	Field Experience

PSY 150 General Psychology and BIO 100 Foundations of Biology are recommended as part of the general education program

A foreign language is recommended for this major

Christian Encounter Ministries offers students opportunities for involvement in intensive internships with troubled youth in a ranch setting near Grass Valley, California, combined with formal course work on site. Students may earn eight semester hours of credit from four 10-week courses, plus six hours of field experience credit for a total of 14 hours of credit during a regular semester. See sociology/social work faculty for full details on this challenging program

TEACHER EDUCATION

See also the "Graduate Programs" section of the catalog for requirements for the graduate

Students seeking license in a teaching minor must also complete a specified teaching major

The above programs may all be completed in four years. Upon completion of the program and satisfaction of requirements in effect, students receive an Oregon Basic Teaching License

Admission to Teacher Education

Students wishing to explore or prepare for entering a teaching career should consult with a teacher education advisor as early as their freshman year

Students make formal application for admission to the teacher education program during the introductory education class, GED 240 Perspectives in Education, generally taken spring of the sophomore year for elementary education majors and fall of the junior year for secondary teaching majors.

Admission to the program is based upon attainment of a cumulative GPA of 2.75 or better on all college-level courses, including transfer credits; completion of appropriate basic skills tests; acceptable faculty recommendations; satisfactory physical and mental health; and exemplary social and moral behavior. Admission to the program is expected before students may register for the professional education core courses (junior year for elementary education majors and senior year for secondary teaching majors)

Continuation in teacher education is based on academic achievement and satisfactory evidence of good moral character and the mental, emotional and physical health needed for successful performance in the teaching profession. Students admitted to the program are expected to maintain a cumulative GPA of 2.75 or better on all college-level classes, including transfer credits; attain grades of "C" or better on all teaching major and professional education classes; and receive satisfactory evaluations of performance in field experiences. Admitted students are subject to the policies contained in the Teacher Education Handbook purchased when they take GED 240 Perspectives in Education

Transfer Students in Education

Any student transferring to George Fox College must meet the same requirements for admission as those who have entered the College as incoming freshmen. Admission to the College does not guarantee admission to the teacher education program. This application must be directed to the Department of Teacher Education after the student has enrolled in the first professional course

A minimum of 30 semester hours must be taken at George Fox College for either the elementary or secondary teaching major

Elementary education majors must complete the following courses at George Fox College:

EDU 311 or 312	Mathematics for Elementary Teachers
EDU 370	Methods I Elementary
EDU 375	Student Teaching I
EDU 380	Methods II Elementary
EDU 401B	Methods and Materials for Teaching Reading
EDU 475	Student Teaching II
EDU 490	Integrated Student Teaching Seminar

For secondary teaching majors, work at George Fox College must include the following courses:

EDU 340	Teaching of Developmental Reading and Writing
EDU 375	Student Teaching I
EDU 390	Methods Secondary (subject specialty methods)
EDU 475	Student Teaching II
EDU 490	Integrated Student Teaching Seminar

A student transferring from a nonaccredited college will be granted conditional admission to the program until the student demonstrates ability by completing 12 semester hours in the student's first teaching field and/or professional education with a grade point average (GPA) of 2.75 or better.

Special Students: Teaching Credential Only

Students holding college degrees who enroll at George Fox College for the purpose of qualifying for an Oregon Basic Teaching Certificate must be advised by the Director of Teacher Education prior to enrollment in courses

Admission to Student Teaching

Acceptance into the teacher education program does not guarantee assignment for student teaching. Application for admission to student teaching is made by filing required forms not later than the first week of the semester preceding the semester for which the assignment is requested. Admission to student teaching is based upon continued good standing; favorable recommendations; an attained cumulative GPA of 2.75 or better on all college-level courses, including transfer credits, and an average GPA of 2.75 or better in the teaching major; completion of the required teaching major and professional courses with no grade below "C"; passing scores on appropriate basic skills and content area examinations; and a minimum of 15 semester hours completed in residence prior to student teaching

Planning the Program

The program leading to teacher license includes the general education requirements (approximately one-third of the total number of hours required for a bachelor's degree); a teaching major (approximately one-third of the total); professional education courses, seminars and clinical experiences (approximately one-fifth of the total); and free electives (approximately one-eighth of the total).

Students should plan to finish their general education requirements and some of their lower-level teaching major requirements during their first two years at college. Professional courses in education and the advanced teaching major course requirements should be completed during the last two years. Certain of these courses, listed under "Transfer Students in Education", must be

HEA 230	First Aid and Safety
HHP 300	Coaching Theory and Practice
HHP 310, 320, 330, 340, or 350	(One coaching course)
HHP 360	Organization and Administration of Health and Physical Education
HHP 390	Care and Prevention of Athletic Injuries
HHP 430	Exercise Physiology
HHP 450	Kinesiology
HHP 460	Physical Education for the Exceptional Student
HHP 470	Motor Development and Motor Skill Learning

HHP 480 Tests and Measurements in Physical Education

HHP 490 Senior Seminar

BIO 221, 222 Human Anatomy and Physiology

Note: In addition to these requirements, the general education component includes MTH 240 Statistical Procedures, PSY 150 General Psychology, and SOC 150 Principles of Sociology

Social Studies Teaching

(B.S. Degree)

MAJOR REQUIREMENTS

The following 45 semester hours are required:

HST 490 History Seminar

World History (non-U.S.) 2 upper-division courses

U.S. History

HST 102 America and the World

Two out of the following:

HST 340 American Economic and Social History

HST 481 American Thought and Culture to 1865

HST 482 American Thought and Culture Since 1865 Geography

GEO 200 Cultural Geography and Global Relationships Economics

ECO 201 Principles of Economics

ECO 360 Global Political Economy

PSY 400 Tests and Measurements Government

PSC 210 American Government

One additional course from

PSC 240 State and Local Government (recommended)

PSC 260 Introduction to Law Sociology

SOC 200 Social Problems

SOC 310 Cultural Anthropology

Electives:

Two courses selected from

HST 380 The African-American Experience in the United States

HST 430 Vietnam Experience

PSC 250 International Conflict and Peace

PSC 310 Conflict Resolution

PSC 340 International Relations

PSC 220/420 War and Conscience in the United States

PSY 350 Social Psychology

PSY 360 Learning

SOC 330 Urban Problems

SOC 380 Ethnic Groups and Social Minorities

SOC 410 Juvenile Delinquency

GED 375 Cultural Experience

Note: In addition to these requirements, the general education component includes HST 101 Western Civilization to 1789, PSY 150 General Psychology, and SOC 150 Principles of Sociology. ECO 201 Principles of Economics will not fulfill the general education requirement under social science for social studies teaching majors

Secondary Teaching Minors

Drama Teaching

MINOR REQUIREMENTS

The following 16 semester hours are required:

THE 120 Introduction to Acting

THE 240 Understanding Drama

THE 255/455

Four hours of electives chosen from:

THE 125/325	Theatre Laboratory
THE 160/360	Improvisational Theatre Workshop
THE 165/365	Drama Touring Troupe
THE 340	Theatre as Ministry
THE 495	Individual Research in the Theatre

Mathematics Teaching

(Certifies to teach up to and including Algebra I)

MINOR REQUIREMENTS

Practicum

Seven hours from THE 125/325 Theatre Laboratory, THE 165/365 George Fox Players, or THE 275/475 Field Experience

Recommended

CVP 260 Television and Film Scriptwriting
 CVP 350 Editing Video
 CVP 430 Producing and Directing Television

If possible, majors should satisfy their physical education requirement with HPA 107 Ballet, HHP 223 Tumbling/Gymnastics, HHP 229 Folk and Western Dance, and similar offerings

THEATER: INTERDISCIPLINARY**MAJOR**

(B.A. Degree)

Major Requirements

An interdisciplinary major may be elected through application and approval of the Communication Arts Department and theatre faculty. The student application must show how the proposed interdisciplinary major meets reasonable academic and vocational objectives. The interdisciplinary major consists of 48 semester hours, 24 in theatre arts and the remainder in another academic discipline. Creative options include theatre and music, theatre and religion, theatre and Christian ministries, theatre and video production, theatre and business (marketing/management), or theatre and sociology.

WRITING/LITERATURE

(B.A. Degree)

Major Requirements

The department offers a writing/literature major that creatively combines both disciplines. Students whose major interest is in literature will take their electives from the literature curriculum. The major consists of 36 semester hours (not including writing and literature courses taken to fulfill general education requirements) distributed as follows:

Literature Core

LIT 350 Literary Criticism (3 hours)

Two of the following three courses (6 hours):

LIT 240 Understanding Drama
 LIT 340 Poetry
 LIT 440 Novel

Two of the following three sequences (12 hours):

LIT 231, 232 Masterpieces of World Literature

ART

Survey of Art is offered under GED 220

ART 101, 102 Basic Design 3 hours each semester.

ART 101 is an introduction to materials, techniques and theory related to two-dimensional design. ART 102 focuses on three-dimensional design. Hands-on projects are the primary learning mode. ART 101 may be taken as an alternative to Survey of Art in meeting the general education requirement

ART 111, 112 Drawing 3 hours each semester.

This course is a study of materials, methods and techniques used for drawing with pencil, ink, charcoal and other drawing media. ART 111 may be taken as an alternative to GED 220 Survey of Art in meeting the general education requirement. ART 111 is a prerequisite for ART 112

ART 201 Painting 3 hours.

ART 201, beginning painting, will introduce students to materials, methods and techniques used in painting with acrylics

ART 285 Selected Topics 1-3 hours.

ART 285 is a lecture/studio class that deals with areas of interest in the art field, such as printmaking, calligraphy and sculpture

ART 301 Intermediate Painting 3 hours.

This course provides an opportunity for further development of skills and for the introduction of more advanced techniques. Prerequisite: ART 201 Painting

ART 295/495 Special Study 1-3 hours.

Designed to give two emphases for the serious art student: to allow for further individual study in a media or area in which no further courses are available, and/or to allow for study in an area for which the student may already have some background and in which no course currently is offered

BIBLICAL LANGUAGES

GRE 201, 202 Hellenistic Greek I 4 hours each semester.

Offered 1995-96. A beginning course in the Greek of the New Testament, including vocabulary, grammar, declensions, conjugations and special constructions. The First Epistle of John and various other selections from the New Testament are read. The second semester may be applied as biblical studies major credit

HBW 201, 202 Introduction to Biblical Hebrew

4 hours each semester. Offered 1995-96. The language of ancient Israel as preserved in the Hebrew Bible is encountered inductively through the study of the text of Esther. Mastery of basic vocabulary, grammar and syntax of narrative Hebrew prose is the goal of this two-semester sequence. The second semester may be applied as biblical studies major credit

BIBLICAL STUDIES

Literature of the Bible, a survey of both Testaments, is offered under GED 101, 102

BIB 240 Wisdom Literature 2 hours.

The wisdom literature of the Old Testament is investigated historically, literarily and theologically. The origin and development of the biblical wisdom traditions in the books of Proverbs, Job and Ecclesiastes are considered in the context of the broader, international wisdom of the ancient Near East and the intertestamental literature

BIB 260 Life of Christ 2 hours.

The synoptic writers-Matthew, Mark and Luke-form the foundation for this inquiry into the life and teaching of Jesus Christ

BIB 270 Writings of John 2 hours.

This course explores what it means to believe in Jesus Christ, the Son of God, as depicted in Johannine literature: the Gospel and letters of John and Revelation. Special attention will be given to John's Christological, sociological setting and message as they relate to the lives of modern readers.

BIB 310 Old Testament History 3 hours.

Offered 1995-96. The history of ancient Israel is studied employing the text of the Old Testament narratives in Genesis through Esther, the evidence of archaeology and other ancient Near Eastern texts. Theological messages and developments will be explored

BIB 330 The Prophetic Writings 4 hours.

Offered 1994-95. This course studies the origin and historical development of ancient Israelite prophecy and its culmination in the canonical books of the prophets. The historical and social setting of the prophets will be considered, along with the spiritual themes that dominate and characterize them

BIB 340 Between the Testaments 3 hours.

Offered 1995-96. An introduction to history, literature and theological developments in Israel between 400 B.C. (Ezra) and the first century A.D. (Christ), to provide the basis for understanding both the conclusion of the Old Testament period and the origins of Judaism and Christianity

BIB 390 Biblical Basis for Peacemaking 2 hours.

Offered 1995-96. Focusing centrally on Jesus' teachings about peacemaking, this course deals with the biblical treatment of peacemaking, including the prophetic and apocalyptic visions of the Kingdom, and the interpretations of these teachings by the early church. Attention also will be given to what it means to work for peace in today's world, as co-laborers with Christ

BIB 411, 412 The Acts and the Pauline Epistles 3 hours each semester.

Offered 1994-95. An extensive study of the mission and teachings of the New Testament church, as shown in the Acts and the Epistles attributed to Paul. Special attention will be given to ways early Christians dealt with struggles between Jewish and Gentile Christianity, and applications will

be made for the church today. The fall semester studies Acts 1-15, Galatians and Romans. The spring semester studies Acts 15-28 plus the other Epistles of Paul

BIB 480 General Epistles 2 hours.

Offered 1994-95. As a study of the non-Pauline letters of the New Testament Hebrews, James, Peter and Jude-this course explores the character of Jewish Christianity and its implications for the broader church

BIB 485 Selected Topics 2 hours.

A seminar on a topic chosen by the professor. Open to upper-division majors and others by permission.

BIB 495 Special Study 1-3 hours.

Individual research. Open to qualified students upon application

BIOLOGY

BIO 100 Foundations of Biology 3 hours.

A course to fulfill the general education requirement that deals with the structure and function of cells and organisms, the role of energy in the ecosystem, transfer of biological information, evolution, reproduction and heredity. Bioethical considerations are discussed. Two lectures and one laboratory per week

BIO 101, 102 General Biology 4 hours each semester.

An introduction to life science for biology majors, premedical and preveterinary students, and others with an interest in science. Topics include cellular biology, genetics, development, ecology,

BIO 350 Genetics 4 hours.

A study of the basic principles of inheritance and their molecular basis. Suggested as a valuable elective for students in psychology, sociology, public health, counseling or education. Laboratory deals with the theory and practice of recombinant DNA technology. Three lectures and one three-hour laboratory per week. Prerequisites: BIO 101, 102 General Biology

BIO 360 Ecology 3 hours.

An analysis of population, community and ecosystem dynamics. Laboratory will emphasize field measurements, computer modeling and behavior. Two lectures and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisites: BIO 101, 102 General Biology.

BIO 370 Microbiology 3 hours.

Offered 1995-96. A course in the structure, metabolism, classification and health aspects of microorganisms. Methods of microbiological investigation are emphasized. Two lectures and one three-hour laboratory period per week. Prerequisites: BIO 101, 102 General Biology

BIO 380 Ornithology 3 hours.

Offered 1994-95. A study of avian biology including phylogeny, evolution, anatomy, physiology, behavior and ecology. Laboratory will emphasize identification, bird banding and basic anatomy. One two-hour lecture and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisites: BIO 101, 102 General Biology

BIO 390 Systematic Botany 3 hours.

Offered 1994-95. Collection, identification and classification, with emphasis on the Angiosperms. Topics in experimental taxonomy, literature of taxonomy, systems and history of classification, and evolution of the Angiosperms are considered. Two lectures and one three-hour laboratory session per week and field work

BIO 420 Cell Biology 3 hours.

A course that unifies structure and function at the molecular level. Topics include cell ultrastructure and organization, respiration, physiology of muscular contraction, photosynthesis, molecular biology, research methods, recombinant DNA and genetic engineering. Two lectures and one three-hour laboratory per week. Prerequisites: CHE 325, 326 Organic Chemistry

BIO 460 Invertebrate Zoology 3 hours.

Offered 1994-95. Comparative phylogeny, morphology, ecology and life histories of several invertebrate groups and protozoa. Two one-hour lectures and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisite: BIO 101, 102 General Biology.

BIO 485 Selected Topics 1 or more hours.

Within the limits of availability and enrollment demands, topics reflecting special interests of faculty, visiting professors, or recent developments in biology may be offered. Prerequisites: BIO 101, 102 General Biology

BIO 491, 492 Senior Seminar 1 hour each semester.

The methodology of science, history of scientific research and current topics. Guidance in the selection of a thesis research topic by each major leading to acceptable design, experimentation, presentation, peer review and publication of results. Two hours required of majors. For biology majors and minors with senior standing only

BIO 495 Biological Research 1-4 hours.

BUSINESS

Additional courses are listed under Accounting and Economics

BUS 110 Introduction to Business 3 hours.

This introductory survey will examine the major functional areas of business and afford the student an opportunity to consider this major as a path to a career. Emphasis is given to contemporary business concepts, in particular an examination of business as a field for stewardship

BUS 250 Computer Applications 3 hours.

This course is designed to give students "hands-on" experience in business decision making. Students will have the opportunity to work with computer simulations of company start up and operation. Special emphasis is given to software application and the processes of decision making, teamwork, goal setting and strategies. Prerequisite: BUS 110 Introduction to Business

BUS 275 Field Experience 1-3 hours.

An on-the-job experience or observation designed to acquaint the student with the business world

BUS 280 Research Methods in Business and Economics 3 hours.

An introduction to research in the areas of business and economics. Topics include defining research needs, the formulation of research questions, consideration of alternative methodologies, orientation to sources of data and information, sampling, and interpretation and reporting of findings.

BUS 300 Management 3 hours.

A study of the theory and practice of management. The course involves discussion and application of areas such as social responsibility, strategy, problem solving, communication, change, job performance and financial/operational controls. Prerequisite: BUS 110 Introduction to Business

BUS 320 Human Resources Management 3 hours.

Offered 1995-96. Examination of major personnel issues including the procurement, development, compensation and maintenance of an effective work force. Also covered will be topics related to labor legislation and labor-management relations. Prerequisites: BUS 110 Introduction to Business, and BUS 300 Management

BUS 330 Small Business Management and Entrepreneurship 3 hours.

Offered 1994-95. A study of the process of establishing and managing a small business. The course involves field work, original thinking and research. Students will design management information systems, marketing strategies and other aspects of owning a small business. Prerequisites: ACC 271 Principles of Accounting, and consent of the instructor

BUS 340 Marketing 3 hours.

Study of the marketing concept, consumer demand and behavior, and marketing functions of the firm. Objective is to understand the development of marketing channels, products, prices and promotion strategies. Prerequisite: BUS 110 Introduction to Business

BUS 350 International Marketing 3 hours.

Offered 1994-95. The conduct of marketing functions in an international environment. Consideration of importing and exporting, product development for overseas markets and the functioning of the multinational firm. Prerequisite: BUS 340 Marketing

BUS 360 Business Law 3 hours.

Covers the legal aspects of common business transactions. Includes the law of contracts, agency, negotiable instruments and other phases of private law. Prerequisite: BUS 110 Introduction to Business.

BUS 370 Organizational Behavior 3 hours.

Offered 1994-95. Consideration of how and why people behave the way they do in organizations. Through the use of readings, cases and exercises, the student is exposed to major components of organizational behavior theory. Areas such as perception/attribution, motivation, groups, dynamics, power, conflict, leadership, culture and organizational development will be explored. Prerequisite: BUS 110 Introduction to Business, or permission of instructor

BUS 410 Financial Management 3 hours.

An introduction to the finance function of a business entity. Specific topics to be studied include capital budgeting, cost of capital determination, sources of financing, leverage and its effect on the profits and risk of business, and managing the asset mix and capital structure of a business.

Prerequisite: ACC 272 Principles of Accounting

BUS 420 Advertising and Promotion 3 hours.

Offered 1995-96. Consideration of promotional strategies, with particular emphasis on evaluation and selection of advertising media, public relations, selling and management of the promotion mix.

Prerequisite: BUS 340 Marketing

BUS 440 Marketing Management 3 hours.

Offered 1995-96. A concluding course in marketing with emphasis placed on integrating the

CHEMISTRY

CHE 100 Chemistry of Life 3 hours.

This course will cover concepts of organic and biochemistry at an elementary level. Emphasis will be placed on the basic chemistry of food and cooking, and on medical and biological applications of chemical principles. Topics will include acids and bases, alcohols, carbohydrates, proteins, lipids and metabolism. Two lectures and one laboratory period per week

CHE 110 Chemistry and Our Environment 3 hours.

This course will cover introductory concepts of chemistry. Special attention is given to topics of current interest, such as environmental chemistry, polymer chemistry and household chemistry. This course meets general education requirements and is designed for non-science majors. It is recommended for students who need an introduction to chemistry prior to taking CHE 111 General Chemistry. Three lectures and one three-hour laboratory per week

CHE 111, 112 General Chemistry 4 hours each semester.

This course covers fundamental chemical principles, reactions and modern theories. Special emphasis is given to the role of chemistry in everyday life. Three class periods and one laboratory period per week. Prerequisite: High school chemistry, CHE 110 Foundations of Chemistry, or math placement score

CHE 310 Analytical Chemistry 4 hours.

Offered 1994-95. An introduction to the principles and techniques of quantitative chemical analysis. Material includes gravimetric, volumetric and complexometric analysis; neutralization, precipitation and oxidation-reduction titrations; solubility; statistical methods of data analysis; and an introduction to instrumental methods. Two lectures and two three-hour laboratories per week. Prerequisite: CHE 111, 112 General Chemistry

CHE 320 Advanced Inorganic Chemistry 3 hours.

Offered 1995-96. Atomic structure, chemical bonding, periodic trends of structure, physical properties and reactivities of the elements, group theory as applied to molecular structure and nonmetal and transition-metal chemistry. Three lectures per week. Prerequisite: CHE 111, 112 General Chemistry

CHE 325, 326 Organic Chemistry 4 hours each semester.

A study of principles, structure, bonding, reactions and energy as related to carbon chemistry. The laboratory stresses materials, equipment and skills in synthesis, purification and identification of representative groups of organic compounds. Three lectures and one three-hour laboratory per week. Prerequisite: CHE 111, 112 General Chemistry

CHE 340 Biochemistry 2 hours.

Offered 1995-96. An introduction to the chemistry of substances involved in life processes. The structures, reactions and energy transformations of these compounds are considered. Two lectures per week. Prerequisite: CHE 325, 326 Organic Chemistry

CHE 390 Organic Synthesis and Analysis 3 hours.

Offered 1995-96. This course will emphasize advanced laboratory techniques for the synthesis, isolation and identification of organic compounds. Spectroscopy will be emphasized for the analysis of compounds. Advanced separation techniques such as gas chromatography and vacuum distillation will be studied. One lecture and two three-hour laboratory periods per week. Prerequisite: CHE 325, 326 Organic Chemistry

CHE 401, 402 Physical Chemistry 3 hours each semester.

Offered 1994-95. An introduction to modern theoretical chemistry emphasizing classical and statistical thermodynamics, quantum mechanics, molecular structure, spectroscopy and kinetics. Three lectures per week. Prerequisites: CHE 111, 112 General Chemistry, MTH 301 Calculus III, and either PHY 202 General Physics or PHY 212 General Physics with Calculus

CHE 410 Advanced Chemical Measurements 3 hours.

Offered 1994-95. Principles and techniques of modern instrumental physiochemical and analytical measurements. Literature search methods, scientific writing techniques and seminar presentation

techniques are covered. One lecture and two three-hour laboratories per week. Prerequisite: Concurrent or prior enrollment in CHE 401, 402 Physical Chemistry

CHE 420 Advanced Organic Chemistry 2 hours.

Offered 1995-96. A study of organic reactions not normally covered in introductory courses.

COMMUNICATION ARTS

COM 100 Introduction to Communication 3 hours.

An introduction to the study of human communication. Application of communication principles to interpersonal, group and public contexts. Particular emphasis on the practice of public speaking. Students will prepare and deliver several oral presentations

COM 200 Persuasive Communication 3 hours.

A presentation of key principles of persuasion as they are reflected in typical organizational communication contexts. Focus on developing a planning sequence that will function as a practical guide for designing, executing and evaluating communication events. Students will be expected to develop a "real world" communication event, e.g., publicity campaign, speech, newsletter, etc. Prerequisite: COM 100 Introduction to Communication, or equivalent

COM 210 Interpersonal Communication 3 hours.

Theoretical and reflective study and guided experience in dyadic and small group communication, with attention given to interpersonal communication, listening behavior, nonverbal communication and conflict resolution. Prerequisite: COM 100 Introduction to Communication, or equivalent

COM 230 Mass Media and Popular Culture 3 hours.

Survey of the historical development of news-papers, magazines, broadcast media and cinema. Analysis of the role(s) of mass media in shaping and altering opinion and values in contemporary culture.

COM 275/475 Field Experience 1-10 hours.

Experience in supervised field situations, generally off campus, involving extensive communication activity. Admission to course and amount of credit determined by the faculty supervisor

COM 285/485 Selected Topics 3 hours.

A variety of topics may be offered that reflect the interests of faculty, visiting professors and students. Permission of the instructor required for upper-division credit

COM 300 Theoretical Approaches to Communication 3 hours.

A study of the major sources of communication theory (e.g., classical theory, humanistic psychology, symbolic interactionism, information theory, information processing) together with specific, contemporary exemplifications of each approach. Special focus on the nature and progress of scientific inquiry in communication theory. Prerequisite: Six hours of communication arts or communication/video production courses, including COM 100 Introduction to Communication

COM 305 Professional Communication Activities 1-3 hours.

Offered each term. A workshop course structured to give students experience in "real world" communication events. Students devise their own projects under the guidance of the instructor. Most projects require a planning paper, an evaluation paper and report, and regular consultation with the instructor. May be repeated for a maximum of six hours total. Prerequisite: Permission of the instructor.

COM 310 Conflict Resolution 3 hours.

Offered 1995-96. A study of communication principles found useful in managing conflict productively. Focus given to conflict occurring in institutional and organizational settings between individuals and groups, but attention also given to conflict in interpersonal, national and international settings. (Identical to PSC 310.)

COM 320 Introduction to Public Relations 3 hours.

A course designed to introduce and develop a clear concept of public relations as a communication profession. Topics to be covered include the function of public relations in both public and private enterprises; the process of planning and implementing a public relations communication campaign; techniques for communicating with various publics; and the laws and ethics governing the practice of public relations. Prerequisite: One course in business or communication arts

COM 324 Argumentation and Public Policy 3 hours.

Offered 1994-95. A course in practical reason as applied to public policy. Includes a survey of

COMMUNICATION/VIDEO PRODUCTION

CVP 230 Introduction to Television Production 4 hours.

An introduction to the language and the technical, creative and aesthetic elements of the television production process. Course includes basic lighting, sound, camera operation, composition and design of visual elements, producing, and directing through both classroom and supervised laboratory experiences

CVP 260 Scriptwriting FOR MEDIA 3 hours.

An introduction to the styles, techniques, content and forms of media writing. Non-dramatic forms of writing—including broadcast news, commercial, television feature and information—are covered. The writing of several short scripts is required in the course. (Identical to WRI 260.) Prerequisite: WRI 110 Freshman Composition

CVP 285 Video/Audio Systems 3 hours.

A study of video and audio system components, their operation and interrelationships. The video module includes study of the video camera, recording systems, waveform monitors and signal processing equipment. The audio portion of the class studies acoustics, microphones and sound recording/editing

CVP 320 DRAMATIC SCRIPTWRITING 3 hours.

An introduction to the art of dramatic writing for television and film. Dramatic structure, plot scenarios, dialogue, characterization and moralization are among several topics examined and exercised. The writing experience is complemented through an examination of the business aspects of writing, including spec-scripts, agents and the Hollywood system

CVP 350 Editing Video 3 hours.

Theory and practice in editing the moving image. Analysis of Hollywood and avant-garde styles of editing is followed by practice exercises illustrating each concept. Prerequisite: CVP 230 Introduction to Television Production

CVP 355 Bruin Cable Netwrytwr

COMPUTER AND

Offered 1994-95. An introduction to programming in assembly language on the IBM-PC. By writing several programs at a level closer to the actual machine language of the computer, the student will gain insights into its architecture and structure. Prerequisite: CIS 201, 202 Introduction to Computer Science

CIS 420 Structures of Programming Languages 3 hours.

Offered 1994-95. A study of the basic design of computer programming languages with the greater emphasis placed on semantics (over syntax). A comparative analysis is made among several of the common languages. Prerequisite: CIS 201, 202 Introduction to Computer Science

CIS 460 Operating Systems 3 hours.

Offered 1994-95. A study of the organization and architecture of computer systems. The major principles of operating systems are presented along with case studies involving actual operating systems. Prerequisite: CIS 202 Introduction to Computer Science

CIS 470 Operations Research 3 hours.

Offered 1995-96. An introduction to the mathematical tools useful in the study of optimization with particular emphasis on linear programming. Additional topics include queuing theory, integer programming and simulation. (Identical to MTH 470.) Prerequisites: MTH 180 College Algebra and Trigonometry, and CIS 130 Programming the Personal Computer, or equivalent

CIS 475 Field Experience 1-3 hours.

Supervised experience with an off-campus industry, business or institution, using computer science or data processing. For upper-division computer information science majors only

CIS 485 Selected Topics 1-10 hours.

A scheduled class with topics chosen to meet the special needs and interests of students, faculty or visiting professors. For upper-division computer information science majors only

CIS 490 Applied Software Development 1-3 hours.

Special software development projects designed and completed by the student in an area that applies computers. This is an independent study course and is supervised by staff in both the computer area as well as in the selected area of study. For upper-division computer information science majors only, by permission

CIS 495 Special Study 1-3 hours.

Individual study in areas of special interest. For upper-division computer information science majors only, by permission

ECONOMICS

Additional courses are listed under Accounting and Business

ECO 201 Principles of Economics 3 hours.

An introduction to the social science concerned with the allocation of resources. Consideration is given to the behavior of microeconomic units such as individuals, households, firms and industries; the macroeconomic study of government spending, taxation and monetary policies; as well as global issues such as international trade and finance, comparative economic systems and economic development

ECO 330 Managerial Economics 3 hours.

The application of economic theory and quantitative methods to business and administrative decision making. Topics include the analysis of consumer demand and market structure, forecasting, production and cost analysis, pricing practices, and decision making under uncertainty. Prerequisite: ECO 201 Principles of Economics

ECO 340 Public Economics 3 hours.

Offered 1994-95. An overview of the economic role and impact of government, including topics in public finance, fiscal policy, monetary policy and the banking system, and the economics of regulation. Prerequisite: ECO 201 Principles of Economics

ECO 350 International Trade and Finance 3 hours.

Offered 1994-95. The theory and practice of international trade, economic cooperation, foreign exchange, and international finance and financial institutions. (Identical to INS 350.) Prerequisite: ECO 201 Principles of Economics

ECO 360 Global Political Economy 3 hours.

Offered 1995-96. An integrated view of the world economy with particular attention to such topics as economic growth, debt crises, the distribution of wealth and income, the relationships between economic and political systems, the economics of peace and war, and environmental issues. Prerequisite: ECO 201 Principles of Economics, or consent of the instructor

ECO 475 Field Experience 3-6 hours.

Supervised experiences in business, financial and research firms, and government agencies. For upper-division students only, by permission

ECO 485 Selected Topics 2-3 hours.

Occasional special courses chosen to fit the interests and needs of students and faculty

ECO 495 Special Study 2-3 hours.

Subject matter and credit arranged for the needs of the individual student. For upper-division students only, by permission

EDUCATION

EDU 275 Field Experience 1-2 hours.

An elective field placement individually designed with approval of the instructor. Does not substitute for required field assignments; 40 hours field work per credit is required

EDU 311, 312 Mathematics for Elementary Teachers 4 hours each semester.

These courses include a study of the arithmetic structures of mathematics, informal geometry, and applications of elementary mathematics. The development and use of materials for the classroom, alternative teaching strategies for working with diversified students, and a study of mathematics curricula found in grades K-9 also are explained. Field work may be required in both courses. (Identical to MTH 211, 212.) Prerequisite: Junior standing

EDU 330 Psychological Foundations of Education 5 hours.

Competence development in teaching physical education for the physical education major. Emphasis is given to analysis of objectives, unit and lesson planning, instruction methods, means of evaluation, and class procedures and control. Field work may be required. Prerequisite: Junior standing.

EDU 421 Elementary School Music Methods

Offered spring semester. Through video, readings and class discussion, students are introduced to the life of Christ and the foundations of Christianity. This course also provides a context for practice of English listening, reading, speaking and writing skills

Level C (Advanced)

ESL 225 Adjunct Reading 3 hours.

An intensive course to improve academic reading skills, including vocabulary, reading speed, reading strategies and test taking. Assignments are based on class texts from SOC 150 (fall semester) and HST 102 (spring semester), in which students are concurrently enrolled. Reading lab and vocabulary lab are required

ESL 235 Speech 3 hours.

A practical course to help students improve their academic speaking skills, with emphasis on formal speeches, group presentations, small group interaction and pronunciation

ESL 245 Academic Writing 5 hours.

This course provides instruction and practice in the types of writing commonly found in college courses, including the research paper, essays and essay exams, and reaction papers. Process, organization and mechanics are emphasized. Principles of advanced English grammar and usage are applied in writing assignments

ESL 255 Adjunct Listening 3 hours.

This course cultivates skills of listening and notetaking in academic lectures, including identifying main ideas and distinguishing supporting information, understanding relationships among ideas, and taking notes that reflect this understanding. Assignments are based on lectures from SOC 150 (fall semester) and HST 102 (spring semester), in which students are concurrently enrolled. Video lab and group tutorial are required

Transition

ESL 295 Writing Tutorial 1 hour.

COURSE OFFERINGS

Graduate Biblical Studies Courses

BIB 510 Old Testament Studies 3 hours.

An investigation of the books of the Old Testament emphasizing thematic and structural elements that enhance the students ability to perceive unity within diversity and that provide a basis for continued theological and integrative studies

BIB 520 New Testament Studies 3 hours.

Introduction to the New Testament literature employing the same thematic and structural approach initiated in BIB 510 Old Testament Studies

BIB 530 Biblical Theology 3 hours.

The diversity of Old and New Testament theological expression is studied, with attention to unifying

The initial step involves prepracticum training, a laboratory course designed to introduce basic legal, ethical and professional issues and to prepare the student for direct client contact. The course consists of readings, lectures, team meetings and systematic training in human relations skills, the latter accomplished through supervised group process experiences and interactional dyads. Audio and video recordings of the interaction process are used to provide effective feedback for the student

Following the completion of prepracticum training, the student enrolls in practicum, which generally lasts throughout the second year. The practicum sequence provides the student with ongoing, supervised experience in the application of psychological principles in assessment and psychotherapy in a variety of clinical settings and with a range of problems and clientele. In addition to supervised clinical experience at the training site, the practicum student is involved in weekly training at GFC, including team meetings with peers and faculty members, oversight groups and didactic training

The preinternship sequence of training follows completion of practicum, and generally lasts throughout the third year. The preinternship sequence enables students to further develop their clinical skills and to gain the experience necessary to prepare for internship. During the preinternship sequence, students continue to receive ongoing, supervised experience in assessment and psychotherapy in a variety of clinical settings. Preinternship training also involves supervision of practicum and prepracticum students, weekly team meetings and oversight groups with faculty members, and presentations of advanced topics in a seminar format. The preintern student is encouraged to develop a broad range of clinical skills with diverse clinical populations rather than specialize prematurely. Although specialization is often desirable, it is best done during the internship, or during postdoctoral residency and continued professional training

The final phase of predoctoral clinical training involves a one-year, full-time internship (50 weeks; 2,000 hours). Interns are placed in a variety of supervised clinical settings throughout the U.S. The internship is normally begun in the fifth year and usually consists of a one-year, full-time placement in a single setting, but may be begun in the fourth year and consist of a two-year, half-time placement in one or two settings

A clinical training file is maintained on each student as he or she progresses through the professional training sequence. This file contains evaluations, work samples, and clinical competency ratings on each student. Advancement through the professional training sequence

Theoretical orientations represented by the faculty include psychodynamic, behavioral, cognitive-behavioral, object relational, and psychobiological. Despite their diversity in theoretical orientation, the faculty are united by a common commitment to a Christian worldview, to providing high quality professional training, and to upholding the highest standards of scholarship and clinical expertise among their students

PROFESSIONAL STANDARDS

Standards for graduate education in psychology, as well as for practice of psychology, are set by the policies of the American Psychological Association (APA) and those of the relevant state laws and administrative rules. In Oregon these include the Oregon Revised Statutes and Oregon Administrative Rules of the Oregon State Board of Psychologist Examiners. The design, structure and process of graduate education at George Fox College are guided by these statutes and policies. Consequently, in addition to the policies of the College's graduate program, students in

- A grade of "D" or "F" in any course;
- A GPA below 3.0 for two semesters

The *Student Handbook* contains additional information concerning grading practices

Student Evaluation

In addition to course grades, an evaluation of each student's academic progress, interpersonal relationships, legal and ethical conduct, and professional skills is performed annually by the Clinical Training Committee and practicum supervisors. Students failing to act in an ethical or professional manner, receiving unsatisfactory evaluation by practicum or internship supervisors, failing to comply with George Fox College standards of conduct, or showing other evidence of deficiency in professional development may be dismissed from the psychology program

A two-year program offered one night a week plus some Saturdays, the George Fox College Master of Business Administration degree is intended for students who want to improve their management and leadership ability through intellectual, moral and creative growth. The program is situated squarely within the College's mission, for the College believes that its Christian values, concern for integration, and commitment to quality speak to managers who desire training that is both theoretically sound and humanly meaningful. Managers have become increasingly aware of the importance of values, ethics, service and other spiritually significant elements that are part and parcel of George Fox College programs

The management M.B.A. is intended to prepare practitioners in a variety of fields in both the profit and not-for-profit sectors. Some of the areas it is designed to cover include the following:

- Integration of knowledge and decision making within the larger framework of the organization and social and cultural contexts
- Creativity, innovation and change
- Leadership and interpersonal skills
- Capacity to communicate in the functional areas of business
- Practice of the human virtues such as integrity, humility, compassion and perseverance in organizational settings
- Capacity for conceptualization, strategic thinking and problem solving
- The propensity to act on one's values and ethics as foundational to good management
- Management in a chaotic world of demographic, cultural, global and technological change

The program is structured on a cohort model in which a group of students follows an integrated sequence of courses from beginning to end. Cohorts begin each fall. Courses are taught evenings and weekends, typically one night a week with an occasional Saturday seminar

admissions

Admission to the M.B.A. program requires a baccalaureate degree from a regionally accredited college or university; a grade point average (GPA) of 3.0 or better in the last two years of study; two years of relevant job experience; three letters of recommendation; a writing sample; and an interview with faculty members. Students are not required to submit scores from any standardized tests prior to admission, but will be required to do so prior to the end of the first year of class. Students whose grade point averages from the last two years of course work do not reflect their aptitude for graduate work may want to submit standardized test scores for consideration in the admission process. The department may consider applicants who show significant promise but do not meet all of these criteria. The application procedure is detailed in the M.B.A. Application Packet, which may be requested from the Office of Graduate Admissions

Degree Requirements

Students will be admitted without regard to their undergraduate major, but those with little or no background in the areas of accounting, finance, economics or marketing will be expected to address their weaknesses

Students are expected to maintain continuous enrollment in the program, thus remaining with their cohort throughout, so personal and work commitments should be planned accordingly. A student who drops out must be readmitted. The degree requires the completion of all 39 graduate credit hours at George Fox College

COURSE OFFERINGS

The Master of Arts in Teaching (M.A.T.) is a fifth-year program to be completed in 11 months by individuals who have completed an undergraduate B.A. or B.S. degree in a field other than education. The fifth-year program allows students, upon completion of the program and passing scores on the appropriate standardized measures (National Teacher Exams and the California Basic Educational Skills Test), to receive an Oregon Basic Teaching License. After three years of successful teaching but no required additional course work, they will qualify to receive the Standard Teaching License. The Basic and Standard teaching licenses will bear endorsements in the following areas: advanced mathematics, biology, chemistry, elementary education, health education, home economics, language arts, music, physical education and social studies. Additional endorsements, except elementary education, can be added by testing

The 11-month proposed curriculum includes professional education courses and practica. Students build on their knowledge of subject matter as they develop pedagogical skills and research methodologies; gain knowledge about the psychological, sociological, historical and philosophical foundations of education; and apply these understandings in elementary and secondary classrooms

The goal of the curriculum is to provide a future teacher with the content and methods necessary to be an effective teacher. Thematic strands such as decision making, values, curriculum, classroom management, multicultural awareness, research and technology are integrated throughout the curriculum. The themes add qualities to the program that are not reflected in single courses but are interwoven throughout the curriculum

The teacher education program at George Fox College has been structured to provide academic and practical experiences that will prepare effective teachers who can successfully meet the challenges of classroom teaching. The form of the teacher education program includes a purposeful use of current research findings on the education of teachers as translated into practical experiences and methodologies. The structure will be characterized by

- **Cohort Model.** Initially, students will work in two cohorts of 15 to 20 students each. One cohort will be secondary and one elementary, with middle school experiences available to both. Although they are separate cohorts, they will be blended together for certain experiences
- **Theory-into-Practice Links.** Practicum experiences will be a large component of the program, beginning in the summer with an enrichment program planned and implemented by the students. The involvement in a variety of practicum experiences will provide preservice teachers with opportunities to apply learning from course work. College faculty, cooperating teachers, and administrators from local districts will be involved in collaborative efforts to plan links between course work and application in classrooms
- **Action Research.** A research strand will be woven throughout the program. Students and cooperative teachers will design an action research project that will be shared at an action research symposium at the completion of the program
- **Thematic Strands.** Major strands, such as multicultural awareness, values, action research and decision making, will be incorporated throughout the professional courses. Other topics such as classroom management and technology will also be integrated in several of the professional courses.
- **Study of the Subject Matter Knowledge and Structure.** Students will research and discuss the nature and structure of the subject areas while concentrating on their major subject. They will engage in interdisciplinary discussions that will allow them to discern relationships between the subject areas
- **Reflection.** The ability to reflect on learning about teaching and on the practice of teaching will be developed in small- and large-group discussions, in journal entries, in papers, and in conferences with supervisors and cooperating teachers

admissions

1. Completion of a four-year degree program from an accredited college or university with a minimum GPA of 3.0

2. Two official transcripts from every college/university attended
3. Passing scores on TSPC-adopted test(s)
4. Completion of the character reference statement required by TSPC
5. Recommendations by two supervisory personnel who are acquainted with the candidate's ability and potential for working with students
6. An interview at the GFC campus. Emphasis of interview will be on problem solving and decision making
7. Completion of the Application for Admission to the Master of Arts in Teaching program

Degree Requirements

The Master of Arts in Teaching requires the student to earn a minimum of 36 semester hours, including 15 semester hours of practicum. A cumulative grade point average of 3.0 is to be maintained for successful completion of the program. Students will be encouraged to take the NTE Test of Professional Knowledge prior to graduation from the program. Students may graduate from the program prior to passing the NTE but can not be recommended for licensure until the NTE Test of Professional Knowledge is passed

GENERAL ADMISSIONS, FINANCIAL & ACADEMIC INFORMATION

ACADEMIC REGULATIONS

The following information applies to both graduate and undergraduate students unless otherwise noted. If a policy is specific to a graduate student, it will be noted as graduate, and if specific to an undergraduate student, it will be noted as undergraduate. Each graduate program of George Fox College has its own policies related to enrollment and academic requirements. Graduate students should consult their own program directors with regard to specific policies

Academic Sessions and Credits

The college year at George Fox College is divided into two semesters of 15 weeks, including a four-day examination period, plus orientation and registration. In addition, George Fox sponsors a May Term, a limited summer program for undergraduates, summer graduate courses in teacher education, business administration and psychology, occasional short courses, and overseas study experiences.

The unit of credit is the semester hour, which normally is granted for the satisfactory completion of a course meeting one period (50 minutes) per week for one semester. Credit for all courses is indicated in semester hours. All student requirements, advancements and classifications are based on these units

Guarantees and Reservations

George Fox College guarantees that the student may graduate under the general education requirements stated in the catalog at the time of matriculation, provided attendance is continuous and full time. Likewise, a student may graduate under the major requirements in force at the time of admission to a major field, provided attendance is continuous and full time

Two exceptions may be noted: (1) In the event of a change in requirements in general education or in a major field, the student may elect to fulfill the requirements of a revised program, provided attendance has been continuous and full time; (2) The College may face a situation beyond control and foresight that may necessitate a revision in available courses. In such situations, the interests of the student will be protected

The College reserves the right to withdraw courses with insufficient enrollment, add courses for which there is demand, upgrade programs, revise teaching and time assignments, regulate class size, adjust administrative procedures, and determine levels of competence of students and prerequisites for admission to classes and programs

UNDERGRADUATE Attendance

The responsibility rests with the student to maintain good standards involving satisfactory scholarship. Regular class attendance is expected of each student in all courses. Class work missed because of absence may be made up only in the case of prolonged or confining illness, death of relatives or similar emergencies. Such excuses are obtained from the Student Life Office, the Wellness Resource Center, or the graduate program director. Permission for absences from class for participation in cocurricular college activities must be granted by the Academic Affairs Office. Other absence arrangements are between the student and the instructor

The college calendar provides the contractual instructional dates for teachers and students. Students are expected to attend classes through the last day of each semester, unless illness or an emergency situation exists. Advance permission for early departure must be requested by the end of the 10th week of classes. Forms may be obtained from the Registrar, and the final decision will be made by the Academic Affairs Office

Classification of Students

GRADUATE Students

Graduate students are defined by requirements set forth by the various graduate programs. Normally a graduate student is one with a B.A. or B.S. degree from a regionally accredited college or university who has successfully met the entrance requirements for graduate study

UNDERGRADUATE Students

Classification is based upon the student's academic standing in terms of hours and grade points at the beginning of the semester. New students will be classified as regular or provisional students when entrance requirements have been met and official transcripts have been received and evaluated.

FULL-TIME STUDENTS

Full-time students are enrolled for a minimum of 12 hours in a standard semester for the

Each returning, transfer and readmit full-time student is assigned a faculty advisor to provide guidance in planning an academic program. This advisor may be changed by request as a student develops an interest area and forms natural lines of helpfulness and acquaintance. Other teachers and administrators may serve as resource persons in guidance and counseling

It is the responsibility of the student to become familiar with policies and procedures outlined in the catalog. For example, many upper-level courses are offered in alternate years, but this should be no problem if there is advance planning and if courses are taken in the proper sequences. Advisors will aid as requested, but students must be responsible for their own programs

UNDERGRADUATE Academic Load

The student's load will be determined in conference with the student

F	Failing	0
I	Incomplete	0
W	Official withdrawal	0
X	No grade reported by instructor	0
P	Pass (average or above)	0
NP	Not passing	0
L	Long-term	0

Plus (+) and minus (-) grades may be designated by a professor and will be entered on the transcript. However, points per semester hour will be calculated in whole numbers

The grade “I” is allowed if a student incurs illness or unpreventable and unforeseeable circumstances that make it impossible to meet course requirements on time. Request for a “I” grade is initiated with—and approved by—the Registrar. A contract showing the work to be completed and the completion date is prepared in consultation with the instructor and filed with the Registrar. An “I” not completed in one year becomes permanent, and the course must be repeated if credit is desired

An “L” grade (longterm grade) designates satisfactory progress in a course whose objectives continue for more than one semester. The “L” will be replaced by either a “P” grade or a point-receiving grade. This is not an incomplete or “I” grade.

An “X” grade indicates the instructor did not report a grade to the Registrar Office.

A student may repeat a course in which the grade of “D,” “F,” “W” or “I” is received, but the first grade also remains on the record. The cumulative grade point average is computed on the last grade achieved

The Dean’s List

Those who achieve and maintain a 3.5 grade point average or above on 12 or more hours of graded work completed by the end of the semester are eligible for the Dean’s List.

Pass/No Pass Policy (Undergraduates Only)

A student with a cumulative GPA of 2.00 or better and who has completed 62 semester hours may elect one course per semester from an elective or general education course on a pass/no pass basis. An application form must be filed with the Registrar no later than the published deadline for exercising the pass/no pass option

The teacher submits a regular grade to the Registrar, who converts the regular grade “C” or above into “pass.” A grade below “C” becomes a “no pass” and the course must be repeated on a satisfactory level to receive credit

Courses offered only on a pass/no pass basis are field experience (e.g., 275/475); WRI 095 English Skills; THE 165/365 George Fox College Players; EDU 375/475 Student Teaching I, II; and

6. Complete at least 10 hours of one's major in residency;
7. File a Student Credit Evaluation form two semesters or 30 hours before anticipated graduation;
8. File an Application for Degree form not later than completion of 100 semester hours toward graduation (normally the semester before expected graduation); and
9. Pay in full all accounts at the Business Office

In order to participate in commencement and baccalaureate ceremonies, a student must have completed all degree requirements. Exceptions include a student registered for a post-commencement May Term course that is part of the degree program, and a fourth-year engineering student eligible for the B.S. degree in applied science whose first year in a cooperating engineering school may not be completed at the time of the George Fox College commencement

Second Degree

A student wishing to receive a second or concurrent degree must meet the following requirements:

1. Complete a minimum of 30 semester hours for the "second" degree above the minimum 126 hours required for the "first" degree;
2. Meet the major and general education requirements for each degree;
3. Be in attendance the last two semesters or 30 hours preceding the awarding of the "second" degree; and
4. Pay an additional \$20 graduation fee if participating in one ceremony; otherwise, pay an additional \$50 graduation fee for the "second" degree.

Graduation Honors

Summa cum laude is awarded to students with a cumulative grade point average of 3.90, *magna cum laude* to those with a 3.70 GPA, and *cum laude*

Penalties may include restitution, an "F" on an individual paper or exam, loss of campus position or employment, an "F" on a course, disciplinary probation, removal from extracurricular or athletic activities, and suspension

ADMISSIONS

Basis of UNDERGRADUATE Admission

The College admits applicants who evidence academic interests and ability, moral character and social concern, and who would most likely profit from the curriculum and Christian philosophy of George Fox College. These qualities are evaluated by consideration of each applicant's academic record, test scores, recommendations, interview reports, and participation in extracurricular activities.

Admission is possible for the opening of any semester

George Fox College reserves the right of admission or readmission of any student at its discretion

The College does not discriminate on the basis of age, sex, race, color, national origin or handicap in its educational programs or activities

Admission Procedures for Freshmen

In order to provide a solid foundation for college-level work, it is recommended that the applicant present the equivalent of 16 academic units from an approved high school. The following units are suggested: English, 4; social studies, 2; science, 2; mathematics, 2; foreign language, 2; and

at George Fox College. After students have been accepted for admission, they are considered for financial assistance. To permit maximum consideration for financial aid, it is recommended that the application process be completed by March 1.

Admission Procedures and Policies for Transfer Students

Procedures

1. Write to the Director of Admissions, George Fox College, 414 N. Meridian, Newberg, Oregon 97132, for information and admissions forms

2. Complete the Application for Admission and return it to the Admissions Office. Include a nonrefundable application fee of \$30

3. Request an official transcript from each college where previously registered. An applicant may also be asked to furnish a high school transcript

4. Have two recommendation forms completed and sent to the Admissions Office: one by a college instructor or counselor and one by a pastor

As soon as an admissions file is completed, the applicant is notified of the Admissions Committee's decision.

5. Transfer students applying for admission during the first year out of high school should submit entrance examination scores. The Scholastic Aptitude Test (SAT) or American College Test (ACT) will be accepted

6. By June 15, 1995, a tuition deposit of \$150 must be submitted by each new full-time student. This deposit reserves housing and a place in the registration sequence. Until May 1, \$130 is refundable. Students admitted after May 1 are allowed three weeks to make this deposit. The spring semester tuition deposit deadline is December 15. Until December 1, \$130 is refundable

7. A health history form is sent to each student who has paid a tuition deposit. This must be completed personally and sent to the address on the form. Registration will not be considered complete without the questionnaire. Immunizations must be documented as indicated on the Certificate of Immunization Status form

8. Have the financial aid office at each college previously attended complete a Financial Aid Transcript and return it to the Financial Aid Office at George Fox. The Financial Aid Transcript must be completed whether or not aid was received at these institutions

9. If applying for financial aid, it is recommended that a Free Application for Federal Student Aid (FAFSA) be submitted to the appropriate financial aid service as soon after January 1 as possible. Forms may be obtained from your college financial aid office or by writing to the Financial Aid Office at George Fox College. After students have been accepted for admission, they are considered for financial assistance. To permit maximum consideration for financial aid, it is

Associate of Arts (OTAA) degree, is evaluated by the Registrar for application to George Fox College requirements

3. The Oregon Transfer Associate of Arts degree will satisfy all general education requirements

7. An interview is part of the admission process for all graduate programs. Applicants will be contacted by the College if selected for advancement to the interview stage

8. If applying for financial aid, complete a Free Application for Federal Student Aid and submit it to the processing agency as soon after January 1 as possible. Forms may be obtained by writing to the Financial Aid Office or Graduate Admissions Office at George Fox College. Students are considered for financial assistance after they have been accepted for admission. To permit maximum consideration for financial aid, it is recommended that the application process be completed by May 1.

Refer to application packets or catalog descriptions of individual degree programs for the specific admission requirements

George Fox College reserves the right to select students on the basis of academic performance and personal qualifications. George Fox College does not discriminate on the basis of age, race, sex, handicap or national or ethnic origin in its educational programs or activities.

Services to Physically Challenged Students

By June 15, 1995, a \$150 tuition deposit must be submitted by each readmitted student. Until May 1, \$130 is refundable. The spring semester tuition deposit deadline is December 15. Until December 1, a partial refund will be granted

Students who drop out to attend another program risk acceptance of that credit on return unless such has been approved by the Registrar prior to leaving

Part-Time Students

Individuals who would like to take less than a full-time load (1-11 hours) may apply as a part-time student. Application forms and counseling regarding courses are available in the Registrar Office. Applicants are required to pay the nonrefundable \$30 application fee, and tuition is based on the current per-credit-hour rate

Home School Students

Students who attended home school during their high school years may be admitted to the College by following the admissions procedures for freshmen. At the discretion of the Director of Admissions, a General Education Development (GED) Test will be required if a transcript is not available or is in question. Home school students are considered for performance grants and scholarships

High School Nongraduates

An adult whose high school preparation is incomplete may be admitted on the basis of the General Education Development Test, provided the average standard score is at least 53 with no one score below 48. A high school or two-year college counseling center can supply details

Auditors

By permission of the Director of Admissions and the Registrar Office, it is possible to audit classes. Auditors pay a reduced tuition fee. Students do not complete course requirements, and no college credit is earned

Older Adults

Any person 62 years of age or older may enroll in traditional undergraduate courses for credit or audit without a tuition charge. A service fee of \$20 per semester is required, plus a fee for materials if such are essential to the course. A small charge may be necessary for continuing education courses in which the primary enrollment is older adults. Unless limited by space, equipment or essential background, all courses are open. Application is through the Registrar Office. Counseling in regard to courses is available in the Registrar Office. This privilege does not apply to enrollment in the management of human resources program, nor in graduate courses

Early Admission of High School Students

An early admissions program is available to qualified high school students. This permits study at George Fox College while a student completes a high school program

Eligibility Requirements

- An applicant must have completed the junior year of high school
- An applicant who has completed the senior year of high school is not eligible
- Early admission students must receive grades of "C" or better to remain in the program

Application Procedures for Early Admission

1. Contact the Admissions Office for admissions forms
2. Complete the Application for Admission and return it to the Admissions Office with the \$30 application fee and indicate your choice of courses
3. Request a transcript of academic credit from the secondary school attending
4. Have two recommendation forms completed and sent to the Admissions Office, one by a high school principal or counselor and one by a pastor

5. Upon completion of the application, an applicant will be notified concerning admission and registration.
6. Early-admission students must provide proof of insurance
7. Only one course of no more than four hours may be taken during any regular semester, unless a lightened high school load is possible
8. Early admission students in good standing are automatically admitted to the College upon graduation from high school. All additional credentials must be received before college enrollment

Cost and Credit

- Early admission students may take a maximum of 12 semester hours work with a tuition charge of \$35 per credit hour
- Credit during early admission may be applied to degree programs at George Fox College without additional charge
- Credit earned during early admission may be transferred to other colleges or universities upon payment of regular tuition and fees in effect at the time the course was taken

-

FINANCES

George Fox College maintains high educational standards at the lowest possible cost. The individual student pays about 74 percent of the actual cost of education. The remainder of the cost is underwritten by gifts from alumni, friends, churches, businesses and institutions. An extensive financial aid program assists students in meeting college costs

The Board of Trustees reserves the right to adjust charges at any time, after giving due notice. No changes will be made during a semester, nor, unless special circumstances make such action necessary, will changes be made during a given academic year

Student Body Membership

Students registered for 12 hours or more	each semester
(Graduate students- 8 hours or more)	\$62 per semester

GEORGE FOX COLLEGE

*

Students registered for 5-11 hours each semester
(Graduate students- 4-7 hours)

\$31 per semester

The full membership covers student activities, class dues, social events, the Student Union Building, and subscriptions to ASCGFC publications

Health fee per semester

\$25

This fee provides access to the Wellness Resource Center and Center for Personal Counseling and Development

Evidence of acceptable medical insurance for accidents, sickness and prolonged illness is required of all full-time students. Students are required to enroll in the college-approved student medical insurance plan unless an insurance waiver form is submitted at the time of registration indicating comparable coverage elsewhere. A new waiver form must be submitted each academic year

The fee is subject to change each year by the underwriter but is approximately \$500 for 12 months coverage, payable on the first-semester billing

Room and Board

Along with this housing deposit, students will still need to be current on their existing accounts to be eligible to participate in housing sign-ups for the following year. Please see the Student Accounts Office if you have questions about your account

Financial Arrangements

All charges made by the College are due at the beginning of each semester or may be made on an installment basis by either annual or semester plans. Students receiving scholarships, grants or loans must complete all necessary arrangements well in advance of registration. Students who are securing a loan from financial institutions or agencies (e.g., a federally insured bank loan) that may still be pending at the time of registration must have a letter of commitment from the lender acceptable to the College. Service charges will be made on unpaid accounts even though a loan is pending, so the loan application process should be started early

Earnings from work-study jobs are given directly to the student. These jobs are not guaranteed, therefore the earnings cannot be credited to a student account in advance. Interest will be charged on accounts being paid from work-study earnings

Payment for May Term and summer tuition is due in full when billed

Students may be asked to leave at any time during a semester if appropriate arrangements have not been made at the beginning of the semester or if the student becomes delinquent on installment payments

Restrictions

The College will withhold transcript of records and diploma until all college bills have been paid. Students will not be permitted to register for a new semester, including May Term, Juniors Abroad and summer field experience, until all bills are paid for the previous session

Refund Procedure

Students entitled to refunds for withdrawal from a class or withdrawal from the College must complete the appropriate form, available from the Registrar's Office.

Upon *completion* of the form, it should be taken to the Student Accounts Office, where the refund, if any, will be determined according to the following refund policy

Refund Policy

Refunds on applicable charges will be made at withdrawal within a semester from a course or the College, based on the following refund schedule. *The date on which the student completes the official withdrawal process will determine the amount of the refund.* In the case of complete withdrawal from the College during a semester, a minimum of \$100 will be retained by the College to cover the costs of registration and processing

In the case of cancellation of preregistration for fall semester, a minimum of \$100 will be charged

Fourth week	60%
Fifth week	40%
Sixth week	20%
Seventh and following weeks	0%

- No refund of room charges will be made after the first week of classes
- No refund of tuition and room will be made to students who have been dismissed. Board refund will follow the schedule above
- Refunds for student body membership fees will be made by the Student Government
- Refunds for departmental fees will be made according to the amount of the fee still unused. If none of the fee has been used, all of it will be refunded
- Refunds for tuition deposits will not be given after July 1 for fall semester or after December 1 for spring semester.
- Refunds for school insurance fees will be made only if the withdrawal takes place prior to the sending in of the insurance premium. Thereafter, no refund will be given
- Financial aid awarded will be adjusted according to federal guidelines for students who withdraw or reduce their course load to less than full time

Financial Aid

Basis of Student Aid

Each family should expect to make every reasonable financial adjustment to provide as much support as possible for college expenses. Financial aid to supplement the family efforts will be offered under two basic conditions: (1) in consideration of the student's family's financial need as demonstrated by a uniform method of analysis; and (2) in consideration of a student's academic potential, personal interests and abilities, and promise for future leadership

With few exceptions, students must be enrolled full time (at least 12 credits per semester graduate students, eight credits per semester) to receive financial aid. They must also meet eligibility requirements of the programs from which they receive assistance. Such requirements include maintaining satisfactory academic progress toward a degree, maintaining a minimum grade point average, having financial need and other specific conditions of federal, state or college regulations.

Awards Based Upon Financial Need

Financial need is determined by a uniform method of analysis of information the family provides on the Free Application for Federal Student Aid. The need analysis helps the College determine the contribution the family is expected to make. The difference between this family expectation and the cost of attendance at the College is the "need" that financial aid attempts to fill

Financial assistance awarded by George Fox College takes the form of grants, loans and employment. "Need-based" financial assistance comes from the state or federal government and from the College. Students awarded federal and state aid are subject to the laws regulating those programs. For instance, all federal and state assistance requires signed statements from the

Many awards for potential academic and other performance abilities, and for personal qualities and affiliations, may be given without considering the financial need of recipients. Many scholarships and grants are available to students who have proven ability in college. Others, such as the honors scholarships, are awarded to both new and returning students

Scholarships, Grants, Loans and Student Employment

Federal and State Grant Programs

The Federal Pell Grant and the Oregon State Need Grant programs award funds to students on the basis of eligibility standards set by federal and state regulations. The Federal Supplemental Educational Opportunity Grant is funded by the federal government and awarded to students according to eligibility standards set by both the government and the College. Funds from these programs are available only to students who can demonstrate relatively high need

College Grants

The College awards funds to needy students to supplement funds provided by the federal and state programs. If eligible on the basis of financial need, a student with insufficient state or federal funds who has a predicted or cumulative college GPA of 3.0 or higher may receive a President Council Award. Those whose GPA is between 2.75 and 3.0 may receive an Alumni Award, or with less than a 2.75 GPA, a GFC Incentive Award

Honors Program

Honors scholarships are granted each academic year to a limited number of qualified students. Financial need is *not* a criterion for any of the honors scholarships

The **Presidential Scholarship** is a \$7,000 renewable scholarship awarded to National Merit semifinalists. Continuation of the award requires the student to meet criteria for the Benson Scholarship.

The **Benson Scholarship** is a \$3,200 renewable scholarship first provided in 1973 through a trust from Mr. and Mrs. Thomas Benson. New recipients must have a predicted college GPA of 3.75 based upon high school GPA and Scholastic Aptitude Test (SAT) or American College Testing (ACT) Program test scores. They must also meet high standards of personal, social and extracurricular achievement. Candidates are recommended by the Director of Admissions. Continuation in the program requires a cumulative GPA of 3.75 and successful completion of an annual review by the Scholarship Committee

The **George Fox College Science Scholarship** is a \$2,750 renewable scholarship for science majors who have a predicted GPA of 3.5 out of high school. Candidates are recommended by the Admissions Office and approved by the science department. Students apply by March 15. The application process includes SAT scores, seven-semester transcript, and a letter of recommendation from a high school science teacher. Continuation requires a 3.5 GPA

The **Duke Scholarship** is awarded to academically talented students who also have outstanding leadership capabilities. The stipend of \$2,100 is given to students with a predicted GPA of at least 3.70 based upon high school GPA and SAT or ACT scores

The **Elizabeth Carey Minas Scholarship** is awarded to academically talented students who have a predicted college GPA of 3.65 based upon high school GPA and SAT or ACT scores. The scholarship carries an annual stipend of \$1,900, and continuation requires a cumulative GPA of 3.65.

Honors on Entrance Scholarships, which carry a stipend of \$1,400, are awarded to students who have a predicted college GPA of 3.5 based upon high school GPA and SAT or ACT scores. Continuation requires a cumulative GPA of 3.5

The **Academic Achievement Award** is granted to students who have demonstrated outstanding academic achievement as their high school valedictorian or salutatorian. It is also awarded to a limited number of students whose predicted GPA falls just below the criteria for an Honors on Entrance Scholarship. This award, ranging from \$650 to \$1,300, is not renewable, but students

who achieve a cumulative GPA of 3.5 automatically become eligible for one of the other honors scholarships.

Students already enrolled may become eligible for the **College Honors** or **Elizabeth Carey Minas Scholarships** if they meet the minimum criteria and are recommended by the faculty and if funds are available. Students are eligible for only one honors scholarship at a time. However, a small number of the highest-ranking students are selected to enter the Intensified Studies Program, which carries a small stipend to help highly qualified students pursue independent study.

Athletic, Drama and Music Scholarships

A limited number of awards are made each year to talented students who show promise of

The **Ethel D. Ankeny Memorial Drama Scholarship** of \$300 is awarded to a student active in drama with above-average grades at GFC. Financial need is not required

The **Barbara Armstrong Memorial Music Scholarship** provides \$400 for an upper-division female vocal music major

The **Austin Scholarship** is intended for academically superior students from Newberg. The \$1,200 stipend is renewable if the student is active in college programs and leadership and maintains a 3.0 GPA. Financial need is not required

The

The **David P. Earhart Memorial Scholarships** range from \$100 to \$300. Students must be members of, or regularly attend, a Friends church or hold pacifist beliefs similar to the Quakers. Financial need is required

The **Gerald Edwards Computer Science Scholarship** of \$200 is awarded to a deserving student majoring in computer information science

The **M. Lowell and Margaret W. Edwards Health Science Scholarships** ranging from \$500 to \$2,000 are awarded annually to students majoring in science. Preference will be given to students who are preparing for health-related professions. Financial need may be considered

The **George Fox College Engineering Scholarship** is offered to a junior or senior engineering major with at least a 3.0 GPA. The stipend is for \$600

The **Farmer Family Business/Marketing Scholarship** of \$400 is offered to a business/marketing major. Financial need is considered

The **Roy and Fern Gage Scholarship** of \$600 is awarded annually to assist a student with need

The **Russel and Olivia Gainer Christian Ministry Scholarship** of \$900 is awarded to a Christian ministries major, with financial need preferred

Notes on the Catalog Conversion Process

This catalog is being viewed in the Adobe Acrobat Reader using Portable Document Format (PDF), but was originally prepared for use with a different multi-media viewer.

It was converted from computer files supplied by the school, or the printed catalog was scanned and converted using an OCR (Optical Character Recognition) process. In either case, the catalog's original page formatting was stripped and all photographs and graphics were removed to conserve disk space. The catalog was then reformatted to fit the viewer parameters.

Because of this, the page numbers in the original Table Of Contents and Index were no longer valid and these sections were deleted to avoid confusion. A new, hyperlinked table of contents was then created.

Future editions of this catalog will be converted with a process that better retains page formatting and the original table of contents and index will be hyperlinked.
